Certified Sterile Processing Technician – Fall 2018

Program Information:
This 15-week program covers anatomy and physiology; microbiology and infection control; decontamination and sterilization processing; and how to handle, care for, and identify surgical instruments. The course includes clinical exposure to a Central Sterile Processing Department. Course fee includes national certification exam. Medical terminology and hospital setting experience and are suggested but not required.

Nature of Work:
Certified Sterile Processing Technicians are responsible for the sanitation and packaging of surgical instruments in hospitals, surgical centers and clinics. They organize and assemble routine and specialty instrument trays and sterilized supplies; operate and maintain sterilization equipment including sterilizers, aerators and washers; and maintain records and inventory. Technicians work in environmentally controlled conditions and practice infection control, as they are exposed to disease and/or infectious material. They must be able to stand on their feet for long periods of time; multi-task; and may be required to lift up to 40 pounds.

Program Requirements:
You must complete the following:
- Fill out the enclosed Certified Sterile Processing Technician application and questionnaire
- Must be 18 years old with a High School Diploma or GED
- Mail or bring the application and forms to Continuing Education, Tunxis Community College, 271 Scott Swamp Road, Farmington, CT 06032.

Your application will be reviewed by the Allied Health Coordinator. Upon acceptance, you will be notified in writing and given further instructions to complete your enrollment.

The full tuition, or the first payment of the payment plan, must be made within five business days of receipt of your acceptance letter. Students will not be allowed into the classroom until they have started the payment plan or paid the full course tuition. Refunds may be obtained only if your written withdrawal is submitted to the Allied Health Coordinator three business days prior to the first class.

September 13 – December 27 (no class November 22)
Thursdays 5-9pm Room: 306

Please be advised that if you have been convicted of a felony, you may not be eligible for clinical experiences, internships, or certifications associated with certain Allied Health courses or programs. Those with previous convictions may also find it difficult to secure employment within a health care agency or institution.

Call the Continuing Education Office for more information: 860.773.1450.

Required for Health Care Career Programs

Essential Job Skills & Career Development Course

This 14-hour course is designed to aid students in successfully transitioning into their chosen careers. Emphasis will be placed on the development of a resume, essential interview skills, and soft skills to give students the tools to secure and retain employment. Students will engage in mock interviews to develop these skills. Guest speakers will cover topics such as “what makes a successful employee” and “how to ensure a good interview.” Additional material to be covered will include team building, conflict resolution in the workplace and providing quality customer service. Please bring a USB drive and your present resume to class.
