Call 860.255.3666 to reserve your seat and to receive an application.

EMT Training

Call 860.314.4700 to register for all EMT classes below.

Instructor for all classes:
Sharon Kenney and Staff
Location: Bristol EMS Training Center, 420 North Main St., Bristol, next to Tunxis@Bristol.

EMT Basic
Offered in cooperation with Bristol Hospital Office of Emergency Medical Services and the CT Department of Public Health. The curriculum prepares you to take the exams to become nationally registered and state of Connecticut certified at the basic level. Lectures, demonstrations and hands-on training provide the knowledge and skills required for certification. Students must complete the 10 clinical hours with Bristol EMS. There are no prerequisites for this course, but you must be at least 16 years of age.
June 6 – August 29 (M/W); 6-10PM
Plus selected Saturdays, 9AM-2PM
Fee: $675 (includes text, CPR manual, and stethoscope)

Exam fees of $90 and $70 are paid by student directly to the State of Connecticut and the National Registry.

EMT Basic Refresher
The EMT Basic Refresher program is accelerated over a three-day period to fast track your recertification process.
June 1, 2, 3 (F/SA/S); 8AM-4PM
Fee $275

Advanced Emergency Medical Technician AEMT
You must have a current state of Connecticut EMT – Basic card and a current CPR card at the Health Care Provider level to take this course. Minimum age is 18, or; turning 18 prior to the end of class.
August 14 – Oct. 30 (T/TH); 6-10 PM
With clinical rotation at Bristol Hospital
Fee: $725

Patient Care Technician (PCT) Certificate
(Approved for WIA Funding)
PCTs are valued members of the health care team in hospitals, physicians’ offices, clinics and long-term care facilities. They provide direct patient care including: obtaining vital signs; turning and repositioning; bathing; patient transfers; patient care set-up; performing EKGs and phlebotomy. To earn the PCT certification from Tunxis, you must successfully complete the following:

• Certified Nurse Aide program or provide proof of current CNA certification or LPN licensure
• Phlebotomy Technician program (must be taken at Tunxis)
• EKG & Pulse Oximetry course (must be taken at Tunxis)

EKG Technician Certification Program (4.9 CEUs)
(Approved for WIA Funding)
Meet the demand for cross-trained health professionals by adding EKG skills to your résumé. This comprehensive program with lab, prepares you to take the NHA Electrocardiograph Technician Certification Exam.
July 9 – August 22 (M/W); 5-9PM
14 sessions
CRN: 2545    Fee: $899 plus text
Room: 202
Instructor: Mark Rouleau
National Healthcareer Association (NHA) exam fee of $105 not included in course fee.

Certified Nurse Aide (CNA)
(Approved for WIA Funding)
Classes Begin May 25
CNAs are in demand and our students have great success with job placement! All of our program options are approved by the Connecticut Department of Public Health and lead to state certification.

CNA Program Options

• Day and Evening Program: $900 plus text
• Saturday Clinical Option: $950 plus text

Please call 860.255.3666 to receive more information or a CNA application packet.

All program options have a $35 nonrefundable administrative fee.
EKG & Pulse Oximetry Skills (1.5 CEUs)
For allied health professionals looking to add to their skill set, with classroom and hands-on experience. Learn basic skills in administering a 12-lead EKG and pulse oximetry measurement. It is appropriate for nurse aides and those preparing for patient care technician (PCT) positions. Students should read the first two chapters of the text prior to the start of class. Please note: This course does not prepare you to become an EKG technician.
May 31 – June 28 (TH); 5:30-8:30PM
5 sessions
CRN: 2546 Fee: $279 plus text
Room: 202
Instructor: Mark Rouleau

You must attend all sessions to receive a certificate of completion.

Pharmacy Technician
(Approved for WIA Funding)
This 60-hour program prepares you for an entry-level position in a hospital, community or mail order pharmacy. Topics include medical terminology; reading and interpreting prescriptions; and defining drugs by generic and brand names. Students will learn dosage calculation; I.V. flow rate; drug compounding; and dose conversion. Dispensing of prescriptions; inventory control; billing, and insurance reimbursement will also be discussed. Course prerequisite: basic math and algebra skills. Please call 860.255.3666 for an application.
June 4 – August 13 (M/W); 6-9PM
20 sessions (no class 7/4)
CRN: 2548 Fee: $949 plus text and $25 nonrefundable administrative fee
Room: 313
Instructor: Kathryn Canzonetti, CPhT

Medical Math
Online Course
Ed2Go (6 weeks)
Master medical calculations in an engaging environment! Gain the medical math skills you need to do anything from calculating dosages to using scientific formulas. Review fractions, decimals, and percentages, and then cover the measurement systems and conversions used in the medical field. Learn to do real-world dosage calculations for oral, parenteral, and intravenous medications. This course is an excellent review for those planning to take the Pharmacy Technician program.
Offered online monthly (see “online Ed2Go “ section for more information)
Fee: $109

CPR BLS for Health Care Professionals
Designed for health care professionals who respond to cardiac and respiratory emergencies, this three-hour course covers one and two person rescuer—adult, child and infant CPR, Foreign Body Airway Obstruction, and the AED. Cost includes: textbook, Patho-Shield Plus key chain, course completion card and exams.
August 2 (TH); 9AM-Noon
CRN: 2549 Fee: $89
Room: 6-127
Instructor: Lou Brockett

Adult/Child CPR/AED
This course is for lay rescuers (personal trainers, security guards, firefighters, police, airline personnel, etc.). It covers one rescuer adult and child CPR, Foreign Body Airway Obstruction, and AED training. Cost includes: textbook, Patho-Shield Plus key chain, course completion card and exams.
June 1 (F); 10AM-Noon
CRN: 2550 Fee: $75
Room: 6-127
Instructor: Lou Brockett
Allied Health Programs

Phlebotomy Technician
Classes Start June 11
(Approved for WIA Funding)
This 165-hour program provides classroom theory and clinical lab instruction. Students who successfully complete the course are eligible for externships at UConn Health Center or Middlesex Hospital. Students are eligible to sit for the National Healthcareer Association certification exam. A completed Tunxis Community College Health Form must be submitted with registration packet to be considered for the program.
Day Program: M/T/W; 9AM-2PM
Fee: $1,800 plus $35 nonrefundable administrative fee.
NHA exam fee ($112) and textbook not included.
Rooms: 6-127 (M) and 306 (T/TH)
Instructor: Kim Kiriluk, CPT

To receive an application packet call 860.255.3666.

Phlebotomy Refresher

Contact Cheryl Conaty at 860.255.3670 or cconaty@txcc.commnet.edu

Real Estate

Principles and Practices of Real Estate
(Approved for WIA Funding)
Meets the minimum requirements set forth by the CT Department of Consumer Protection/Real Estate Commission for those who plan to take the Connecticut Real Estate Salesperson license examination. You must complete at least 63 hours of this 66 hour course to meet state licensing requirements.
June 11 – Aug. 29 (M/W); 9:30AM-12:30PM
(no class 7/2 & 7/4)
CRN: 2551
Location: Tunxis@Bristol
Instructor: Dick Gumpert

OR
June 12 – Aug. 30 (TU/TH); 6-9PM
(no class 7/3 & 7/5)
CRN: 2552
Fee: $429 plus text
Room: 313
Instructor: Dick Gumpert

7 • Workforce Dev. & Continuing Ed information 860.255.3666 • Facsimile 860.255.3675 • tunxis.commnet.edu
Classes begin monthly with start dates of June 20, July 18, and August 15

Course fees are $109 unless otherwise noted.

Choose from over 300 online classes that begin monthly and run for six weeks.

Take classes that fit your schedule.

Relax. There is no need to rush to campus. Take non-credit classes from home!

Requirements:
All courses require Internet access, email, Microsoft Internet Explorer, or Firefox web browsers. Some courses may have additional requirements. Please visit our Online Instruction Center for more information.

1. Visit our Online Instruction Center: www.ed2go.com/tunxis

2. Click the Courses link, choose the department and course title you are interested in and select the Enroll Now button. Follow the instructions to enroll and pay for your course. Here you will enter your email and choose a password that will grant you access to the Classroom.

3. When your course starts, return to our Online Instruction Center and click the Classroom link. To begin your studies, simply log in with your email and the password you selected during enrollment.

For more information, call 860.255.3666
Check ed2go.com/tunxis for over 300 course listings.
Meet the Mac

This 4-session, 12-hour course is for those transitioning from Windows to Mac or the “self-taught” Mac user who wants to fine-tune and improve their computer skills. This hands-on training will show you how to take advantage of basic Mac OS features such as the Desktop, Dock, Windows and File Storage, running multiple programs, and all the applications that come built into the Mac OS.

You will learn:
- Mac OS X Desktop, Dock, and Windows
- Creating, storing and viewing files and folders
- Finding and starting, and switching between programs
- System preferences and custom settings
- Using the Dashboard and Widgets
- Contacts, appointments, notes and email
- Printing options including saving as PDF and emailing attachments
- Getting online and making connections including iChat and Safari
- Managing photos, music and videos

July 9 – July 18 (M/W); 9AM-Noon
Fee: $120
Room: 6-228
Instructor: Jan Gyurko

Key Communication Skills in the Workplace

Superior communication skills are something we all need but are a vital factor for people in occupations that require interaction with coworkers and others. This course raises the bar on communication skills for any employee wishing to improve the level of production, job satisfaction and team cohesiveness among members. Beyond good written and oral communication skills, effective team members know the key to good communication is the ability to build relationships within the team environment. Interpersonal intelligence improves our abilities to comprehend, analyze and react to situations and assists us in facilitating communication in which conflicts and debates are reduced, interactions become easy, people seem approachable, hassles minimize and a healthy and productive environment is inevitable.

July 13 (F); 9AM-4PM
Fee: $85
Location: Tunxis@Bristol
Instructor: Lisa Crofton

Making the Most of the New Office 2010

Explore all the new features of Microsoft Office 2010: review Backstage, Tabs, Command Sets and Dialog Launchers to find all your customary commands; plus explore features such as Styles, Themes, Live Preview and the Mini Toolbar to make your documents easier to format and manipulate. Time is included for questions and answers to address specific individual needs with the new Office 2010 programs.

June 7 – July 12 (TH); 6-9 PM (No class July 5)
CRN: 2553 Fee: $239
Room: 6-214
Instructor: Anne Peck

Supervision 101: Developing Tools, Skills, and Strategies to Excel as a Supervisor

This five-session certificate program is designed to provide the participant with the skills to become a more highly effective supervisor. Supervisor training can give you the higher level of supervisory skills required for success in today’s workplace. With a strong emphasis on continuous improvement, participants will develop and practice the day-to-day job tasks and interpersonal strategies to become more productive and respected supervisors. Participants will acquire and develop the tools, skills, and strategies to become outstanding supervisors by learning how to:

- Identify and develop the skills for effective supervision
- Implement strategies to create greater team motivation and interaction
- Utilize effective processes of communication that prevent misunderstanding
- Become assertive leaders who get results
- Implement a positive style of reinforcement and corrective feedback
- Use effective problem-solving and decision-making techniques
- Effectively deal with challenging people and situations
- Apply problem resolution techniques to on-the-job situations
- Develop an action plan for continuous improvement

June 7 – July 12 (TH); 6-9 PM
CRN: 2553 Fee: $239
Room: 6-214

NEW 4-hour program!
Electrical License Renewal Training Program
C, L, T License Required
Electrical Training for 2012
The Connecticut Department of Consumer Protection requires all Connecticut licensed electricians to take a four-hour continuing education course each year to renew their license. Classes for C-5, C-6, L-5, L-6, T-1, and T-2 electricians, and low voltage/telecommunications are available. The program meets CT Department of Consumer Protection standards and includes OSHA regulations, Connecticut general statutes, regulated building codes, National Electrical Code (NEC), Counterfeit Cable Update, ANSI STD J-607 Grounding and Bonding, Fiber Optic Systems, New Firestop Methods, and other specific skill areas. Students must bring the “NEC (National Electrical Code) 2005” book.

Getting Your Classroom Under Control – Effective Classroom Management Strategies for Teachers, Substitutes, and Paraprofessionals!
You can't teach if your classroom is not under control. Effective classroom and behavior management skills are essential for your success in the classroom. Increase your self-confidence and enthusiasm for teaching by developing effective teacher-student interactions. These proven tips and techniques are effective for the new or experienced teacher as well as the paraprofessional. Discover and learn a complete step-by-step approach to developing and reinforcing appropriate student behavior. This practical, interactive workshop includes: dealing positively with disciplinary challenges; developing strategies for behavior modification; developing skills to cope effectively with challenging students; and implementing positive behavior and classroom management techniques.
July 17 & 19 (T,TH); 9AM-3PM
Fee: $120
Location: Tunxis@Bristol
Instructor: Anne Peck

SMART Board Training for Teachers
Earn 1.2 Technology CEUs
Create interactive lessons your students will love to remember. Learn to use the SMART Board and all of its tools to challenge your students in math, literacy skills, and other necessary areas for success. Engage your students as you enhance your instruction and learning. You will develop a minimum of two complete lessons from a teacher who is a certified SMART Board instructor.

Motorcycle Rider Education Program
Largest Program in Connecticut!

Locations now in Farmington, East Granby, Fairfield, and Stratford

Motorcycling is one of the most exciting forms of transportation. You are totally responsible for every action taken — from timing each shift to keeping a keen eye out for other motorists. To understand these responsibilities, a Connecticut Motorcycle Rider course is the place to start. Expert instruction is offered to both the beginner and the experienced rider. Students must have the ability to ride a bicycle. A 10% insurance discount, and exemption from the DMV's on-cycle skills test, are bonuses of the program.

It’s the LAW!
All applicants for a new motorcycle license must successfully complete the CT Motorcycle Rider Education Program.

Basic Motorcycle Rider Course
Designed for the individual with little or no riding experience, includes six hours of classroom instruction and 12 hours of on-cycle training. Classes are held evenings and weekends. You must have a driver's license or motorcycle permit and be physically able to operate a motorcycle. Motorcycles will be provided.
Fee: $200 non-refundable

Experienced Rider Course
Designed to improve rider skills in braking, evasive maneuvers, and turning, this course will provide you with “street strategies” to help you guard your safety. You will use your own motorcycle and will need a valid motorcycle license, registration, and insurance card.
Fee: $85 non-refundable

Private Lessons
Enjoy a personalized learning environment. Private and semi-private lessons comprise a maximum of 18 hours of both classroom and on-cycle instruction. Rider’s ability determines length of course.
Fee: $850 private
$425 semi-private (limit 2 people/class)

IMPORTANT!
Motorcycle course fees are nonrefundable. Select your class dates carefully to ensure your ability to attend ALL SESSIONS of your class, on time. Any absence or tardiness will require you to register for another course, pay again, and start from the beginning.

No exceptions.

If you know you will miss a session due to a vacation, wedding, work, etc., do not enroll in that class; choose another. Visit ride4ever.org for more information. Download course materials, learn motorcycle survival skills, or view information regarding becoming a motorcycle safety instructor.
FREE!

Personal Fitness Training Information Session

One-Day Coastal Navigation
Keep your investment “off the rocks” with a course in coastal navigation. Sharpen your boating skills and have the confidence to venture to new places off shore. This course is designed for those 12 years and older. Classes are small to ensure students develop hands-on charting and plotting skills using nautical charts, tools, and publications. Topics include: longitude and latitude; position fix; dead-reckoning; GPS and radar basics; compass deviation and variation, using plotting tools; marine time conversions; speed, distance and time calculations and cruise planning. Upon completion of the class, students will receive the DEP Connecticut Coastal Boaters Endorsement sticker for their operating certificate.

Students need to bring a calculator to class. Prerequisite: basic safe boating course or instructor permission prior to the start of the course.

June 16 (SA); 8:30AM-4:30PM
CRN: 2563
Fee: $89 nonrefundable
Room: 6-127
NEW!

Digital Photography
Basic Level Core Program

Our newly developed core program draws upon over 20 years of digital photography experience of our professional photographers. At the heart of the 3-course program is the belief that the beginning photographer in this age of digital photography must possess a solid knowledge of:

1. HOW TO USE the digital camera;
2. HOW TO APPLY that knowledge while taking pictures;
3. HOW TO CONTROL AND ENHANCE the digital photo in post-production in a professional manner.

Students who complete the entire program can count on being able to apply what they have learned in pursuing their photography ambitions. They also will be eligible to continue to take more advanced courses such as “Studio Lighting,” “Portraiture,” “Wedding Photography,” “Studio Product Photography,” “Food Photography,” “Lightroom4,” “Photoshop Elements 10,” and many more courses designed to provide them with advanced professional photography training.

Note: All advanced courses require the prerequisite of completing the (3) core program courses or the permission of the instructor based on portfolio review and interview.

Basic Level-1
Understanding Your SLR Digital Camera

Learn how to operate a SLR 35mm digital camera, and the creative potential of this medium. Whether you are just beginning or have been “shooting” for a while, you will benefit from this class. Learn how to take full advantage of your camera’s capabilities. Topics include: camera handling, use of different lenses, filters, depth-of-field, shutter speeds, flash photography, tripods, and composition. Join us in an informal atmosphere with emphasis on the individual needs of each student. Students will need a 35mm SLR digital camera with manual controls.

June 14 – July 5 (TH); 6-9PM
4 sessions
CRN: 2565 Fee: $145
Room: 311
Instructor: Eric Dreeke

Basic Level-2
Applied Creative Photography

In Basic Level-1 you learned how to use your digital camera, now it’s time to practice what you’ve learned in this hands-on course. The first class begins with a review of the 35mm digital camera and discussion of the indoor and outdoor locations the class will be photographing during the course. Practical field training and demonstrations of depth-of-field, aperture and speed priority settings, ISO control, lens speeds, understanding telephoto vs. wide angle lens, image composition, understanding the “quality of light” and how it affects the mood of a picture, time exposures vs. motion capture, capturing textures, surface reflections, and more will all be emphasized and explored. An entire class session will be dedicated to reviewing student images and discussing the “do’s” and “don’ts” of producing a specific photographic look or mood and finding your style. Images from professional photographers will be used as visual examples during an extensive Q and A wrap-up. Prerequisite: Basic Level-1 or permission of the instructor based on portfolio review and interview.

July 14 – Aug. 4 (S); 10AM-1PM
4 sessions
CRN: 2566 Fee: $145
Room: 311 for first class only
Instructor: Eric Dreeke

Basic Level-3
Digital Image Control using Photoshop Elements 10

One of the biggest misconceptions many digital photographers share is the belief that their high resolution digital images do not require further development once they are shot. All professional photographers know that even with basic sharpening, color and temperature corrections, and spotting (cloning), their photos have greater visual impact.

In Basic Level-3, the digital photographer is exposed to the power of Photoshop Elements 10 and digital image manipulation and correction. Taught from the point-of-view of the photographer, our “learn-by-doing” approach will cover many of the important adjustments and filter tools required to import, correct, enhance, sharpen, crop, and modify digital images. You will practice perspective control, cropping for impact, color correcting for mood, and become proficient in eliminating unwanted areas of their photograph. Working with a select group of your images depicting people, places, or things, you’ll move quickly through a series of pre-planned, step-by-step exercises that build upon one another in a logical and practical fashion. (NOTE: Course is taught on PC format but you may bring your Mac laptop if you wish.) Prerequisite: Basic Level-1 and Basic Level-2 or permission of the instructor based on portfolio review and interview.

August 11 – August 25 (Saturday); 9AM-2PM
3 sessions
CRN: 2602 Fee: $145
Tunxis@Bristol
Instructor: David Archambault

Introduction to
The Art of Black &
White Photography: Darkroom
Express your creativity in the darkroom! If you love black and white photographs, this beginner-friendly course is for you. Learn how to better use your 35mm film camera for creating black and white negatives and printing black and white prints in the classic way. You will learn how to properly develop black and white 35mm film, develop darkroom skills and printing techniques, such as dodging & burning, use of filters vs. paper grades to control image contrast and tonality, and proper tray developing techniques for bringing out the most in your image. A 35mm SLR camera with manual controls is required. We'll be using traditional black & white films and papers. Approximate materials expenses: $100.
June 15 – Aug. 17 (F); 6:30-9:30PM
10 sessions
CRN: 2564  Fee: $229
Room: 6-222
Instructor: Eric Dreeke
General Information

Withdrawals/Refunds:
Refunds may be obtained if your written withdrawal is submitted to the Workforce Development & Continuing Education Office three business days prior to the first meeting of your class. Refunds generally take 2-4 weeks to process. There are no refunds once a class has started. There are no refunds for Motorcycle Safety Training at any time.

Course Cancellations:
Low enrollment may result in course cancellation. Students may accept a refund or transfer the tuition to another course during that semester. In the event of inclement weather, please check the Weather Line at 860.255.3501 or our website: tunxis.commnet.edu.

Student Conduct:
Students are expected to behave according to the socially accepted standards of the College community. Each student is expected to uphold ethical standards in academic performance. Failure to comply with the College’s guidelines for conduct, as directed by policy of the Connecticut Board of Regents for Higher Education, may be grounds for dismissal.

Parking Policy:
To avoid having to pay a parking fine, please park in student-designated parking lots on the right as you enter campus. Do not park in areas reserved for faculty and staff.
