**Mission Statement:** Tunxis offers its students a quality, yet affordable education in an accessible and supportive environment, fostering the skills necessary to succeed in an increasingly complex world.

**Vision Statement:** Tunxis will be a vibrant educational and cultural center responsive to current as well as emerging student and community needs.

Tunxis Community College is accredited by the New England Association of Schools and Colleges, Inc. (NEASC), a non-governmental, nationally-recognized organization whose affiliated institutions include elementary schools through collegiate institutions offering post-graduate instruction.

Tunxis does not discriminate on the basis of race, color, religious creed, age, sex, national origin, marital status, ancestry, present or past history of mental disorder, learning disability or physical disability, sexual orientation, gender identity and expression or genetic information in its programs and activities. In addition, the College does not discriminate in employment on the additional basis of veteran status or criminal record.

*The College makes every effort to maintain the schedule of courses as announced in this publication. However, the College reserves the right to change instructors, withdraw courses, change rooms or cancel courses without previous announcement, based on enrollment, budget, or other constraints.*

# IMPORTANT INFORMATION – SUMMER/FALL 2018

## ● Auditing Courses:

Students who do not wish to earn course credit may opt to audit a course. Audited course(s) will be shown on the student's transcript with the notation "AU" in the grade column and will not carry any credit hours or quality points. To audit a course notify the Records Office at time of registration but no later than the deadline date posted in the course schedule. Students pay the regular tuition and college fees.

## ● Follett's Bookstore at Tunxis CC (Information Line 860.773.1335):

A list of textbooks is available by going to [txcc-shop.com](http://txcc-shop.com). We recommend you register for classes before purchasing textbooks, as different course numbers may have varying requirements. Acceptable payment methods include: Cash, VISA, MasterCard, Discover, American Express, Paypal or personal check (I.D. required). **Please keep your receipt. All refunds or exchanges of any kind must be accompanied by the original cash register receipt.** All new and used textbooks are returnable for a full refund or exchange by the return date on your receipt, within the return guidelines. After this time, returns or exchanges will be made only within 2 business days from the date of purchase. All new text purchases made during final exams or the last week of classes are **FINAL**. No returns or exchanges. All new textbooks must be returned in their original new condition with no writing, erasing, or damage of any kind. **Books sold in plastic shrinkwrap are only returnable if unopened.** Please be sure you have the correct book and are certain you want to keep it, before it is opened. Refunds of purchases made by personal check will only be made after 10 business days from the date of the check. Visit [Txcc-shop.com](http://Txcc-shop.com) for more details. See page 43 for additional information.

The Bookstore offers the following textbook programs:

- 10% Off the purchase of a new textbook
- Rental options for new and used textbooks
- Price match for new, used and rental textbooks.

To learn more about these textbook offerings go to: [TXCC-SHOP.COM](http://TXCC-SHOP.COM)

## ● Confidentiality of Student Records:

Tunxis Community College views student educational records as confidential information that cannot be released without the written consent of the student. Some information is considered to be *Directory Information* and may be released without written permission: name, address, dates of attendance, full- or part-time status, graduation dates and honors. Students who do not want the College to release this information may complete the *Request for Non-disclosure of Directory Information* form available on the Tunxis web site (See FERPA) and at the Records Office.

## ● Course Cancellations:

The College reserves the right to cancel courses for which there is insufficient enrollment or to modify parts of the course schedule for fiscal or other reasons. Students will be notified of a cancelled course and will be entitled to 100% tuition and fees refund.

## ● Course Changes (Add/Drop):

(Not Applicable to summer session.) Students may ADD courses up until the course meets for three hours. If you drop a course once the semester begins, you will not receive a 100% tuition refund. You will receive a 50% refund for any course dropped within the first two weeks of classes. After two weeks, there is no refund for dropped courses. Those who wish to make schedule changes should complete a Change in Schedule form at the Records Office. Courses may be dropped online via [my.comnet.edu](http://my.comnet.edu).

## ● Course Confirmation:

Course confirmation of your registration is **NOT** mailed by the College. Students may confirm and/or print their schedules by going to [my.comnet.edu](http://my.comnet.edu).

## ● Course Withdrawal:

Students may withdraw from a course with a transcript notation of "W." Refer to **Academic Calendar** for deadline. Course withdrawal may be completed online at [my.comnet.edu](http://my.comnet.edu) or by submitting a *Change in Schedule* Form to the Records Office. A course withdrawal will make you ineligible for the semester's Dean's list; may affect your academic standing; and impact your full-time/part-time status. It does not affect your grade point average (GPA). **If you are a financial aid recipient, please speak with Financial Aid prior to withdrawing from any course.**

**Visit [tunxis.edu](http://tunxis.edu) for additional information.**

# IMPORTANT INFORMATION – SUMMER/FALL 2018

## ● Enrollment Verification:

Verifications for insurance, student loan deferments and employment are processed through the National Student Clearinghouse (NSC), as authorized by the State of CT. Using the student I.D.# (NET ID), students print their own “official” authentic Enrollment Verification Certificate (available after the add/drop period) at [my.commnnet.edu](http://my.commnnet.edu). For more information, call the 24-hour information line at 860.773.1440 or refer to [tunxis.edu](http://tunxis.edu).

## ● Financial Aid (860.773.1422):

Financial aid applicants must be enrolled in a degree or eligible certificate program to be considered for financial aid. You should apply for financial aid as soon as possible. If your financial aid is not complete before you register, see the Tunxis Business Office regarding an optional payment plan. For more information see “How to Apply” in the financial aid pages of the Tunxis web site ([tunxis.edu](http://tunxis.edu)).

Veterans and service members (active and reserve) may be eligible for educational assistance under the GI Bill and the Connecticut tuition waiver. Dependents may also be eligible. Please contact Dr. Kirk Peters at 860.773.1480.

Turn to page 32 for more Financial Aid information.

## ● Graduation:

Students who anticipate completing program requirements must submit a Graduation Application together with their Degree Works audit (available online and at the Records Office) by **March 1** for May/June conferrel and **November 1** for December conferrrel of the year they plan to graduate. Additional information is available on the College web site.

## ● Grade Reports:

Grades reports are no longer mailed by the College. Students may access their grades at [my.commnnet.edu](http://my.commnnet.edu), under Banner Student and Faculty Self-Service/Student Records/Grades and Registration History.

## ● ONLINE Education Course Information:

See page 30 for information.

## ● Room Assignments:

Room assignments can be viewed on monitors in the main foyers of the Administration Building and main entrances to the 600-building prior to the start of the semester. You should also check room assignments at [my.commnnet.edu](http://my.commnnet.edu) prior to the start of class due to last minute changes.

## ● Senior Citizens' Registration:

Tuition is waived for most General Fund courses (fall and spring only) on a space-available basis. Supplemental and materials fees are not waived and must be paid at the time of registration. Proof of age (62 or older) must be shown at time of registration.

## ● Self-Service Student Information System:

See page 29 for details.

## ● Student I.D. (NET ID) Password & Resets:

For your security and protection, College policy prohibits the issuing of student I.D. (NET ID) numbers OR password resets over the phone or email. Students may obtain their student I.D. (NET ID)/Password by going to [my.commnnet.edu](http://my.commnnet.edu) and selecting “Forgot Your student I.D./NET ID or Your Password.” Or visit <https://supportcenter.ct.edu/netid/pswdmenu.asp>.

## ● Transcripts:

Tunxis Community College provides official transcripts in an electronic format (eTranscripts). Current and former students can request official eTranscripts to be sent to other educational institutions, potential employers or any other appropriate entities. There is **no charge** for eTranscripts.

If you send the transcript to yourself, it is considered “unofficial”. To be an official copy, it must go directly to the third party.

**To send a transcript to one of the 12 CT Community Colleges, four State Universities or Charter Oak State College, please select the eTranscript option.**

**Current and Recent Students:** Students who have a NetID (Banner ID) and password should log in to *myCommNet*. Click on Banner Self-Service, Student Records, Transcripts and click on the Official eTranscript link. If you do not remember your NetID or password, use the *online self-help tools* to obtain your NetID or reset your password.

**Former Students:** Students who have not been a Tunxis student for more than two years should go here to request an official eTranscript: [https://exchange.parchment.com/send/adds/index.php?main\\_page=login&s\\_id=86ZVBYIRumEnDLde](https://exchange.parchment.com/send/adds/index.php?main_page=login&s_id=86ZVBYIRumEnDLde)

Please ensure your last name, first name, date of birth and last four digits of your Social Security Number (SSN) are entered correctly so that your request can be processed in a timely manner.

**Visit [tunxis.edu](http://tunxis.edu) for additional information.**

## 4 EASY WAYS TO REGISTER FOR SUMMER 2018 CLASSES

**1 IN-PERSON:** Students may obtain a registration form from the Records Office. If the course you intend to register for requires a prerequisite, please bring your proof of prerequisite compliance (unofficial college transcript) with you as you may need to meet with an advisor to have your course selection approved. If you would like to make an appointment to meet with an advisor prior to registering, please contact the Academic Advising Center at 860.773.1510.

**2 ONLINE:** [my.commnet.edu](http://my.commnet.edu). Please note: this option is **available to current/returning students only**. You must have a Student ID# (NET ID) and password to register online. See below for details.

**3 BY EMAIL** ([tx-records@tunxis.edu](mailto:tx-records@tunxis.edu)) **or FAX:** **860.606.9766** – Include completed Registration Form (p. 26) and payment. **New** students **MUST** include an Admissions Application along with \$20 fee. **Proof of Prerequisite** **MUST** be included if you are registering for a class with a prerequisite.

**4 BY MAIL:** **Tunxis CC Records Office, Summer Registration, 271 Scott Swamp Road, Farmington, CT 06032** Please include completed Registration Form (p. 25) and payment. **New** students **MUST** submit an Admissions Application along with \$20 fee. **Proof of Prerequisite** **MUST** be included if you are registering for a class with a prerequisite.

### SUMMER REGISTRATION BEGINS MONDAY, APRIL 2

**Tuition is due in full at time of registration.** All registrations must be processed by the Records Office prior to the first class. Please email [tx-Records@tunxis.edu](mailto:tx-Records@tunxis.edu) with questions.

## WEB Registration For Current Students **ONLY** – 24/7 starting April 2.

**NOTE: Full Payment of tuition and fees is REQUIRED at time of registration.**

Students who have previously attended Tunxis Community College within the past two years, and who know their Student ID# have the option of registering via the Web. Students who have not previously attended the College may register at the Records Office after they have completed the admissions process.

**You MUST meet course prerequisites.** Refunds will not be granted based on unmet prerequisites. If you did not take a prerequisite at Tunxis, the WEB registration system will not accept your registration. If you receive a “pre-req. error” while web registering, you may contact the Academic Advising/Counseling Center at 860.773.1510.

Although registering by Web, advisors and counselors are available for academic planning and course selection. Contact Advisors in their Faculty Office, or contact the Academic Advising/Counseling Center at 860.773.1510.

## CREDIT COURSES – SUMMER 2018

CRN	COURSE TITLE	DAY(S)	TIME	INSTRUCTOR
<b>ART*111</b>	<b>Drawing I (\$)(M)</b>			<b>3 credits (2 lecture/2 studio)</b>
Students develop an understanding of perception through observational techniques as well as drawing from imagination. Emphasis is on the consideration of line, shape, form, texture, movement, and space. (Elective Type: FA/G/LAS) (Transfer Ticket Competency in Degree Works: AESX/CRTY) (Ability Assessed: 1)				
<b>ART*112</b>	<b>Drawing II (\$)(M)</b>			<b>3 credits (2 lecture/2 studio)</b>
An advanced-level drawing course, Drawing II emphasizes composition, materials, personal expression, and an understanding of drawing history in relation to contemporary issues of drawing. Projects are designed to enhance the quality of handling materials within a given format. Creative problem-solving techniques are discussed and applied. Prerequisite: C- or better in Drawing I (ART*111). (Elective Type: FA/G/LAS) (Transfer Ticket Competency in Degree Works: AESX/CRTY) (Ability Assessed: 1)				
<b>ART*141</b>	<b>Photography I (\$)(M)</b>			<b>3 credits (2 lecture/2 studio)</b>
Introduction to the fundamentals of photography. Students will learn manual camera functions and image editing through lecture, demonstration and assignment. Photographic genres, composition and the technical and aesthetic dimensions of photography are discussed and put into practice. Emphasis will be placed on proper camera use and image processing. (Elective Type: FA/G/HU/LAS) (Transfer Ticket Competency in Degree Works: AESX/CRTY) (Ability Assessed: 1)				
<b>ART*205</b>	<b>History of Photography</b>			<b>3 credits</b>
Surveys the history of photography from its inception in 1839 to the present. Photography's relationship to its historical, social and cultural context is considered. Students will examine major photographic artists, movements in photography and technical developments in the medium. NOTE: course offered in Fall only. (Elective Type: AH/FA/G/HU/LAS) (Transfer Ticket Competency in Degree Works: AESX/CRTY) (Ability Assessed: 1)

disease. Aids students in coping with particular health concerns. Attention is drawn to such environmental problems as the relationship between sunlight and skin cancer and the ecological effects of biotechnology. No dissection is required. This one semester course cannot be used to fulfill prerequisites for advanced biology courses. *Prerequisite: C- or better in Integrated Reading & Writing II (ENG\*075) or Introduction to College Reading & Writing (ENG\*093) or Introduction to College English (ENG\*096) or Reading & Writing VI (ESL\*162); or placement into Composition (ENG\*101). (Elective Type: G/LAS/S) (Transfer Ticket Competency in Degree Works: SCKX/SCRX) (Competency Fulfilled: Scientific Reasoning)*

**BIO\*121      General Biology I (a)(b)(\$\$(M)      4 credits (3 lecture/3 lab)**

Study of the physical and chemical nature of the cell, including biochemistry, photosynthesis, and cellular respiration. Additional focus on topics of cell division, genetics, and understanding of DNA and RNA processes. *Prerequisites: C- or better in Composition (ENG\*101). (Elective Type: G/LAS/S) (Transfer Ticket Competency in Degree Works: SCKX/SCRX) (Competency Fulfilled: Scientific Reasoning)*

**BIO\*211      Anatomy and Physiology I (a)(b)(\$\$(M)      4 credits (3 lecture/3 lab)**

The structure and function of the human body will be discussed in depth for each of the organ systems. Physiology will be presented from a biochemical and organ point of view. *Prerequisites: C- or better in General Biology I (BIO\*121) AND C- or better in Concepts of Chemistry (CHE\*111) or General Chemistry I (CHE\*121). (Elective Type: G/LAS/S) (Transfer Ticket Competency in Degree Works: SCKX/SCRX) (Competency Fulfilled: Scientific Reasoning)*

**BIO\*212      Anatomy and Physiology II (a)(b)(\$\$(M)      4 credits (3 lecture/3 lab)**

Continuation of Anatomy and Physiology I. Lecture and Laboratory. Dissection is required. *Prerequisite: C or better in Anatomy & Physiology I (BIO\*211). (Elective Type: G/LAS/S) (Transfer Ticket Competency in Degree Works: SCKX/SCRX) (Competency Fulfilled: Scientific Reasoning)*

**BIO\*235      Microbiology (a)(b)(\$\$(M)      4 credits (3 lecture/3 lab)**

Introduction to microorganisms: bacteria, fungi, protozoa, viruses, microscopic algae, and some multicellular parasites. Bacteria and their role in health and disease are emphasized. Skills of observing, gathering, and reporting data, drawing conclusions, identifying problems, and procedure evaluation emphasized. *Prerequisites: C- or better in Anatomy & Physiology I (BIO\*211) (Elective Type: G/LAS/S) (Transfer Ticket Competency in Degree Works: SCKX/SCRX) (Competency Fulfilled: Scientific Reasoning)*

## CREDIT COURSES – SUMMER 2018

CRN	COURSE TITLE	DAY(S)	TIME	INSTRUCTOR
<b>BBG*231</b>	<b>Business Law I</b>			<b>3 credits</b>
Examines the history and evolution of law in the United States. Specific topics include: Constitutional Law, the Bill of Rights, courts and procedures, tort law, criminal law, contract law, and business organizations. <i>Prerequisite: C- or better in Composition (ENG*101). (Elective Type: G/HU) (Ability Assessed: 2)</i>				
<b>BFN*110</b>	<b>Personal Finance</b>			<b>3 credits</b>
Provides an overview of the financial planning and investing process. It examines personal incomes and budgets, home and consumer financing, insurance of personal assets, personal investing and retirement planning. Topics covered will include the time value of money, investments, loans and credit, cash management, taxes, life and health insurance, and estate planning. <i>(Elective Type: G) (Ability Assessed: 7)</i>				
<b>BFN*201</b>	<b>Principles of Finance (a)</b>			<b>3 credits</b>
An introduction to the principles of financial management and the impact of the financial markets and institutions on that managerial function. Major topics include the environment of financial management, evaluation of a firm's financial performance, financial forecasting, working capital management, corporate securities and financing the short- and long-term requirements of the firm, time value of money, capital and cash budgeting, the relationship of risk to return, cost of capital, leverage, and evaluation of alternative methods of financing. An analytical emphasis will be placed on the tools and techniques of the investment, financing, and dividend decision. <i>Prerequisites: C- or better in Principles of Financial Accounting (ACC*113), C- or better in Integrated Reading &amp; Writing II (ENG*075) OR Introduction to College Reading and Writing (ENG*093) or Introduction to College English (ENG*096) or Reading &amp; Writing VI (ESL*162), or placement into Composition (ENG*101), OR permission of Department Chair. Prerequisite or co-requisite: Intermediate Algebra (MAT*137) or Elementary &amp; Intermediate Algebra Combined (MAT*139), or placement into higher mathematics, OR permission of Department Chair. (Elective Type: G) (Ability Assessed: 2)</i>				
<b>BMG*202</b>	<b>Principles of Management (a)</b>			<b>3 credits</b>
Integrates the study of management principles with the development of leadership, teamwork, and interpersonal skills. Topics include the planning, organizing, leading, and controlling functions of management; as well as group dynamics, team building, leadership, conflict and change, diversity, and organizational culture. Through experiential and group exercises and case studies, students will gain experience in teamwork, leadership, problem solving, and decision-making. <i>Prerequisite: C- or better in Composition (ENG*101). (Elective Type: G) (Abilities Assessed: 2, 11)</i>				
<b>BMK*201</b>	<b>Principles of Marketing (a)</b>			<b>3 credits</b>
Introduction to the fundamental concepts of marketing. Examination of effective practices of product development, distribution, price structure, and promotion throughout the marketing process, including research, execution and evaluation. <i>Prerequisites: C- or better in Integrated Reading &amp; Writing II (ENG*075), or C- or better in Introduction to College Reading &amp; Writing (ENG*093) or Introduction to College English (ENG*096) or Reading &amp; Writing VI (ESL*162), or placement into Composition (ENG*101). Co-requisite: Composition (ENG*101). (Elective Type: G) (Ability Assessed: 5)</i>

## **CHE\*111 Concepts of Chemistry (a)(b)(\$)(M) 4 credits (3 lecture/2 lab)**

Fundamental principles and methods of chemistry are studied, including atomic theory, bonding, stoichiometry, and thermodynamics. Provides an introduction to physical, nuclear, organic, and biological chemistry. Suitable for students needing a brief survey course or science elective; not intended for science or engineering majors. Lecture and laboratory. *Prerequisite:* C- or better in Pre-Algebra & Elementary Algebra (MAT\*085), or Introductory Algebra (MAT\*094), or Elementary Algebra Foundations (MAT\*095), or placement into credit-level mathematics. Also, C- or better in Integrated Reading and Writing II (ENG\*075) OR Introduction to College Reading & Writing (ENG\*093) OR Introduction to College English (ENG\*096) OR Reading & Writing VI (ESL\*162), or placement into Composition (ENG\*101). (Elective Type: G/LAS/S) (Transfer Ticket Competency in Degree Works: SCKX/SCRX) (Competency Fulfilled: Scientific Reasoning)

## **CHE\*121 General Chemistry I (a)(b)(\$)(M) 4 credits (3 lecture/3 lab)**

The fundamental principles, theories, and laws of chemistry are studied. Topics include: atomic theory and the structure of the atom, the aggregated states of matter, kinetic molecular theory, chemical bonding, stoichiometry, periodicity, solutions and colloids. *Prerequisite:* C- or better in Intermediate Algebra (MAT\*137) or Elementary & Intermediate Algebra Combined (MAT\*139). Intermediate Algebra for Liberal Arts (MAT\*137L) is NOT sufficient for entry into this course.. (Elective Type: G/LAS/S) (Transfer Ticket Competency in Degree Works: SCKX/SCRX) (Competency Fulfilled: Scientific Reasoning)

## **CHE\*122 General Chemistry II (a)(b)(\$)(M) 4 credits (3 lecture/3 lab)**

Further study of the principles, theories and laws of chemistry. Topics include: thermodynamics, kinetics, chemical equilibria, oxidation and reduction reactions, descriptive chemistry of the elements and their compounds and an introduction to organic and nuclear chemistry. Lecture and laboratory. *Prerequisite:* C- or better in General Chemistry I (CHE\*121). (Elective Type: G/LAS/S) (Transfer Ticket Competency in Degree Works: SCKX/SCRX) (Competency Fulfilled: Scientific Reasoning)

## **CHE\*211 Organic Chemistry I (a)(b)(\$)(M) 4 credits (3 lecture/4 lab)**

A general introduction to organic chemistry, the study of carbon compounds. Topics include: molecular structure and properties, including molecular orbitals and bonding; conjugation and resonance; reaction; thermodynamics, including energy of activation and transition state; stereochemistry; stereoselective and stereospecific reactions; chemistry of aliphatic compounds: alkanes, alkenes, and alkynes and their derivatives; free-radical and electrophilic reactions; and cyclic aliphatic compounds. Laboratory sessions will illustrate fundamental techniques of organic chemistry using semi-micro and micro scale apparatus as well as instrumental methods of analysis, including gas chromatography and infra-red spectroscopy. This course is the first of a two-semester sequence. *Prerequisite:* C- or better in General Chemistry II (CHE\*122) or permission of Department Chair or 1 year general college Chemistry. (Elective Type: G/LAS/S) (Transfer Ticket Competency in Degree Works: SCKX/SCRX) (Competency Fulfilled: Scientific Reasoning)

## **CHE\*212 Organic Chemistry II (a)(b)(\$)(M) 4 credits (3 lecture/4 lab)**

Continuation of Organic Chemistry I. Topics include aromatic compounds, aldehydes, ketones, carboxylic acids and their derivatives, amines, phenols, and aryl halides. Reaction mechanism studies include carbanions, electrophilic substitutions and nucleophilic additions and nucleophilic substitutions. Laboratory sessions continue principles initiated in the precursor course. *Prerequisite:* C- or better in Organic Chemistry I (CHE\*211). (Elective Type: G/LAS/S) (Transfer Ticket Competency in Degree Works: SCKX/SCRX) (Competency Fulfilled: Scientific Reasoning)

## **COLLEGE PREPARATION**

### **First Five-Week Session: 5/30-7/3**

2067 Portfolio Workshop for Introduction to College English (a).....M.....1:00-4:20P.....Gentry

CRN	COURSE TITLE	DAY(S)	TIME	INSTRUCTOR
2071	.....First Year Experience .....	M/T/R.....	6:00-8:40P.....	DeNegre
2072	.....Reading and Writing Review .....	M.....	1:00-4:20P.....	Gentry

**NOTE: CRN #2072 meets 7/9, 7/16, 7/23, and 7/30.**

**CSS-099 Portfolio Workshop for Intro. to College English (a) 1 credit**  
Provides support for students who have submitted complete portfolios for Introduction to College English (ENG\*096) that have not quite met the course abilities. This is a workshop for students who need additional time and practice to demonstrate the course abilities. Provides instruction in a lab setting to address Introduction to College English skill areas. *Prerequisite: Recommendation of Introduction to College English (ENG\*096) faculty. (Elective Type: G)*

**CSS-101 First Year Experience 3 credit**  
First Year Experience prepares students to develop their own plan for academic, personal and professional success through self-evaluation, application of specific strategies, discussions, guided journaling and classroom exercises. These activities help students acquire effective study strategies, stimulate critical thinking, practice oral and written expression, establish goals, identify and participate in the co-curricular life of the college, encourage meaningful relationships with professors and classmates, and choose behaviors leading to a more successful academic experience. *This three credit college-level course is strongly recommended for all students who are new to college. (Elective Type: G)*

**ENG\*070 Reading and Writing Review 1 credit**  
Intensive reading and writing review before retaking the placement exam for students who have had previous reading and writing instruction, but need to review that instruction before enrolling in a college reading and writing course. Students will learn and practice basic reading and writing skills. This course is intended as a review course only for students who have placed at the top of Integrated Reading & Writing I placement range and who may need a review in order to place into Integrated Reading and Writing II. This course does not satisfy an English requirement or an elective in any degree program; neither do its credits count toward graduation. *Prerequisite: Students who are not satisfied with their English Placement.*

### COMMUNICATION

**First Five-Week Session: 5/30-7/3**

2078	.....Screenwriting (a) .....	ONLINE.....		Hamilton

**COM\*101 Introduction to Mass Communication (a) 3 credits**  
Surveys mass communication and media literacy in today's society by investigating forms of media (print, radio, music, movies, television, and the Internet), the messages of media (news, public relations, advertising, and entertainment), and the ethical, legal, and cultural issues surrounding media. *Prerequisite: C- or better in Integrated Reading and Writing II (ENG\*075) or Introduction to College Reading & Writing (ENG\*093) or Introduction to College English (ENG\*096) or Reading & Writing VI (ESL\*162), or placement into Composition (ENG\*101). (Elective Type: G/HU/LAS) (Transfer Ticket Competency in Degree Works: CRIX) (Abilities Assessed: 3, 10)*

**COM\*172 Interpersonal Communication (a) 3 credits**  
Introduces the fundamental theories, principles and practices of interpersonal communication. Topics include self-concept, perception, emotions, language, non-verbal communication, listening, relational dynamics, conflict management and the impact of media and other technologies in a dynamic workshop environment. *Prerequisites: C- or better in Integrated Reading and Writing II (ENG\*075) OR Introduction to College Reading & Writing (ENG\*093) OR Introduction to College English (ENG\*096) OR Reading & Writing VI (ESL\*162), or placement into Composition (ENG\*101). (Elective Type: G/HU/LAS) (Transfer Ticket Competency in Degree Works: SOCX) (Ability Assessed: 10)*

**COM\*173 Public Speaking (a) 3 credits**  
Introduces students to the principles of oral communication with an emphasis on the public speaking skills needed for academic and professional presentations. Students will apply their knowledge of the theories of effective oral communication and present a variety of speeches that appropriately use audio visual aids and outside research. In a workshop environment, students will enhance their skills in critical thinking and listening by assessing their own public speaking and providing feedback on the public speaking of others. *Prerequisite: C- or better in Integrated Reading*

and Writing II (ENG\*075) or Introduction to College Reading & Writing (ENG\*093) or Introduction to College English (ENG\*096) or Reading & Writing VI (ESL\*162), or placement into Composition (ENG\*101). (Elective Type: G/HU/LAS) (Ability Assessed: 6)

**COM\*211 Screenwriting (a) 3 credits**

An introduction to the standard practices of screenwriting. Students will analyze cinematic techniques along with character and plot development in films and screenplays. Students will practice writing in an accepted screenwriting format and share their work in a workshop environment. Students will write treatments, “pitch” project proposals, and analyze storyboards that visually communicate ideas to others. This course will serve as an English elective. The Humanities Department may require submission of relevant writing sample or portfolio material. *Prerequisite:* C- or better in Composition (ENG\*101). (Elective Type: E/G/HU/LAS) (Transfer Ticket Competency in Degree Works: AESX/CRTY) (Ability Assessed 1)

**COMPUTER-AIDED DRAFTING (CAD)** (\$ or M = additional fee applies)

**NOTE:** courses listed below – CRN #2079 & 2080 – are taught together in the same classroom. Students who register for CAD\*252 may not register for CAD\*268. Students who register for CAD\*268 may not register for CAD\*252.

**First Five-Week Session: 5/30-7/3**

2079	Architectural Design & Modeling (a)(\$)(M)	M/T/R	5:15-7:55P	Staff
2080	Mechanical Design & Modeling (a)(\$)(M)	M/T/R	5:15-7:55P	Staff

**CAD\*252 Architectural Design & Modeling (a)(\$)(M) 3 credits (3 lecture/1 lab)**

Enables students to develop advanced skills and understanding of the conceptual design process. Students will design mass models, building shells and cores, rendered images, landscapes, and architectural drawings. Modeling techniques are explored primarily using AutoCAD’s Architectural Desktop. *Prerequisite:* C- or better in CAD 3D Architectural (CAD\*204). (Elective Type: G)

**CAD\*268 Mechanical Design & Modeling (a)(\$)(M) 3 credits (3 lecture/1 lab)**

Enables students to develop advanced skills and understanding of the conceptual design process. Solid and parametric modeling techniques are explored primarily using AutoCAD’s Mechanical Desktop and CADKEY’s parametrics. Topics include assembly modeling, rapid prototyping, parametric and constraint-based modeling, mass property analysis, designing for manufacturing/assembly, and data exchange standards. *Prerequisite:* C- or better in CAD 3D Mechanical AutoCAD (CAD\*218). (Elective Type: G)

**CSA\*105 Introduction to Software Applications 3 credits**

This hands-on introductory course is intended for students interested in learning to use the computer as a productivity tool. Course content includes the fundamentals of Windows XP, Word, PowerPoint, Excel, Access, and the Internet. (Elective Type: G) (Ability Assessed: 5)

**CSC\*101 Introduction to Computers (a) 3 credits**

Provides the necessary background for and provides hands-on practice using popular microcomputer office applications including word processing, spreadsheets, database and presentation management. The course also covers computer concepts including hardware, software, multimedia, privacy and security, and current computing trends. Students spend approximately three hours per week on hands-on computer assignments mastering Microsoft Office. *Prerequisites:* C- or better in Integrated Reading & Writing II (ENG\*075) or Introduction to College Reading & Writing (ENG\*093) or Introduction to College English (ENG\*096) or Reading & Writing VI (ESL\*162), or placement into Composition (ENG\*101). Visual BASIC's object oriented event driven interface is used to program sequential, conditional, and repetition structures. Students will develop multiple forms with menu and sub menu. Multiple objects and control arrays are used to gather input. Sequential data files are created and accessed in Visual BASIC programs. (Elective Type: G) (Ability Assessed: 2)</p>				
<b>CST*201</b>	<b>Intro. to Management Information Systems</b>			<b>3 credits</b>
<p>Provides the background necessary for understanding the role of information systems in organizations and for using computer tools and technology in solving business problems. Topics include organizational and technical foundations of information systems, theory of information systems design, fundamental database principles, network systems, e-commerce and supply chain systems, information network security management, and meeting global challenges. Microsoft Excel, Access, PowerPoint and Project are used to demonstrate selected topical concepts. Prerequisite: C- or better in Integrated Reading/Writing II (ENG*075) or Introduction to College Reading &amp; Writing (ENG*093) or Introduction to College English (ENG*096) or Reading &amp; Writing VI (ESL*162), placement into Composition (ENG*101). (Elective Type: G) (Transfer Ticket Competency Type in Degree Works: CONX) (Ability Assessed: 5)</p>				
<b>CST*130</b>	<b>Network Essentials I</b>			<b>3 credits</b>
<p>Introduces students to the underlying concepts of data communications, telecommunications, and networking. Provides a general overview of computer networks, and focuses on terminology and current networking environment technologies. Topics to be covered include network topologies, protocols, architectures, components, and operating systems. Prerequisite: C- or better in Integrated Reading and Writing II (ENG*075) or Introduction to College Reading &amp; Writing (ENG*093) or Introduction to College English (ENG*096) or Reading &amp; Writing VI (ESL*162), or placement into Composition (ENG*101). demand, exchange and specialization, and international trade. Topics include national income accounting, the circular flow of money, income and spending, the monetary system of the economy, unemployment and inflation, determination of national income and employment, monetary and fiscal policy, and economic growth and development. *Prerequisites:* C- or better in *Integrated Reading & Writing II (ENG\*075)* or *Introduction to College Reading & Writing (ENG\*093)* or *Introduction to College English (ENG\*096)* or *Reading & Writing VI (ESL\*162)*, or placement into *Composition (ENG\*101)*; and C- or better in *Pre-Algebra and Elementary Algebra (MAT\*085)* or *Introductory Algebra (MAT\*094)* or *Elementary Algebra Foundations (MAT\*095)* OR placement into credit level mathematics. (Elective Type: G/LAS/SS) (Transfer Ticket Competency in Degree Works: GLKY/SOXC) (Competencies Fulfilled: Social Phenomena and Understanding & Embedded Ethical Dimensions)

**ECN\*102 Principles of Microeconomics (a) 3 credits**

Markets and determination of price and output in product, resource, and financial markets are studied. Topics include consumer and producer theory, demand and supply elasticities, international finance, competition and monopoly, functional and individual income distribution, poverty, and government intervention in markets. *Prerequisites:* C- or better in *Integrated Reading & Writing II (ENG\*075)* or *Introduction to College Reading & Writing (ENG\*093)* or *Introduction to College English (ENG\*096)* or *Reading & Writing VI (ESL\*162)*, or placement into *Composition (ENG\*101)*; and C- or better in *Pre-Algebra and Elementary Algebra (MAT\*085)* or *Introductory Algebra (MAT\*094)* or *Elementary Algebra Foundations (MAT\*095)* OR placement into credit level mathematics. **EGR\*105 Robotics - Construction & Design (a)(\$\$)(M) 4 credits (3 lecture/3 lab)**

Explore the multidisciplinary world of robotics, and its relevance to current humanitarian, social, and environmental concerns. Modeling fields of science and engineering, this class will be based on teamwork and cooperative problem solving in a supportive, hands on, laboratory environment. Solutions to a series of challenges will be designed, constructed, tested, and revised by students working together in groups. A standard, modular, mobile robotics system will be used to design and construct robots capable of carrying out a single task or multiple tasks related to a variety of applications. The role of science, engineering and technology in modern society will also be explored. (Elective Type: G) (Ability Assessed: 7)

**EGR\*111 Introduction to Engineering (a) 3 credits**

Introduces students to engineering and the engineering profession through the application of physical conservation principles in analysis and design. Topics include dimensions and units, conservation of mass, momentum, energy and electric charge, static force balances, material properties and selection, measurement errors, mean and standard deviation, elementary engineering economics, and design projects. *Prerequisite:* C- or better in *Intermediate Algebra (MAT\*137)* or *Elementary & Intermediate Algebra Combined (MAT\*139)*. (Elective Type: G) (Ability Assessed: 7)

**EGR\*115 Programming for Engineers (a) 3 credits**

Introduces engineering students to structured and object-oriented programming methods. Students will examine and solve a variety of engineering problems. Students will design, code and execute modular programs using an object-oriented language such as C++ or Java. The course will include the use of abstract data types in solving classical engineering problems. *Prerequisite:* C- or better in *Intermediate Algebra (MAT\*137)* or *Elementary & Intermediate Algebra Combined (MAT\*139)*. (Elective Type: G/LAS) (Ability Assessed: 7)

#### **ENG\*101 Composition (a) 3 credits**

Focuses on the study and practice of writing in an academic community. The course develops skills in text-based writing and introduction to college-level research. Students sharpen their ability to read, analyze, evaluate, and synthesize texts and ideas, and to argue effectively in writing that exhibits an intended purpose and audience. Students will draft and revise essays that are focused, organized, developed, and written in clear, standard English. *Prerequisite: C- or better in Integrated Reading & Writing II (ENG\*075) or Introduction to College Reading & Writing (ENG\*093) or Introduction to College English (ENG\*096) or Reading & Writing VI (ESL\*162), or placement into Composition (ENG\*101).* (Elective Type: E/G/HU/LAS) (Transfer Ticket Competency in Degree Works: WRCX) (Ability Assessed: 11)

#### **ENG\*103 Composition II (a) 3 credits**

Focuses on the process of research and research writing in the academic community. The course also strengthens competencies in exposition, persuasion, logic, textual evaluation, and critical analysis. Students will write a variety of research essays, one of which will be of substantial length. *Prerequisite: C- or better in Composition (ENG\*101).* (Elective Type: E/G/HU/LAS) (Transfer Ticket Competency in Degree Works: CONX/WRCX) (Ability Assessed: 11)

#### **ENG\*105 Composition Portfolio Revision Workshop (a) 1 credit**

Provides additional practice in applying Composition course abilities to portfolio essays. Allows students who earned a grade of D+ in Composition re-submit their portfolios at the end of the workshop instead of repeating the full-semester Composition course. The course emphasizes individualized instruction and conferencing with the instructor. Recommendation for this course is entirely at the discretion of the original Composition instructor, and is offered only with the clear agreement on the student's part that enrolling in the course offers no guarantee whatsoever of raising his or her grade. Students must have completed the requirements for the Composition portfolio to be eligible for this workshop. *Prerequisite: Completion of Composition (ENG\*101) Portfolio Requirement\*, recommendation of Composition instructor, and a grade of D+ in Composition.* (Elective Type: G) (Ability Assessed: 11)

#### **ENG\*106 Writing for Business (a) 3 credits**

Students develop effective written communication skills for contemporary business, industry and professional settings. The course also introduces students to essential oral presentation and interaction skills, and employment preparation. Focusing on workplace requirements for written documents and presentations, students learn to utilize various print and technological resources including the Internet. *Prerequisite: C- or better in Composition (ENG\*101), or permission of Department Chair.* (Elective Type: E/G/HU/LAS) (Abilities Assessed: 2, 6, 11)

#### **ENG\*293 Survey of Literary Genres (a) 3 credits**

An introduction to major literary types, including poetry, short story, drama, and the novel. Readings may be organized around a central theme. Students develop a critical sense of literature through oral and written analysis. *Prerequisite: C- or better in Composition (ENG\*101).* (Elective Type: E/G/HU/LAS/LIT) (Transfer Ticket Competency in Degree Works: CRIX) (Abilities Assessed: 1, 11)

#### MAT\*070 Algebra Review (a)

1 credit

A review course designed to allow students to build a better foundation and possibly place into a higher level mathematics course. Students will take a diagnostic test which will allow the course to be tailored to the individual student. Each student will need to purchase a MyFoundationsLab code and will be working at their own pace with the help of an instructor. At the end of the course, students may retake the placement test to place into a higher level mathematics class. (Ability Assessed: 7)

#### MAT\*094 Introductory Algebra

4 credits

Intended to take students from Pre-algebra through the end of Elementary Algebra in one semester. The topics covered will be the same as those covered in MAT \*095 with additional support provided to review topics from Pre-algebra as they are needed. The students will spend 3 hours in the classroom and 1 hour in a lab environment. Prerequisite: Appropriate placement test score. (Ability Assessed: 7)

#### MAT\*095 Elementary Algebra Foundations (a)(d)

3 credits

For students who have never had algebra or who need to review algebraic concepts. This course includes a study of the basic properties and theorems of rational numbers; expressions and equations with polynomials, rational and radical expressions, and integer exponents; linear equations in one and two variables; systems of linear equations in two variables; functions and applications in geometry and algebra. This course does not satisfy a mathematics elective in any program. Prerequisite: Appropriate placement test score. (Ability Assessed: 7).

#### MAT\*110 Bridge to College Algebra (a)

1 credit

For students who passed Intermediate Algebra for Liberal Arts (MAT\*137L) and now need to take College Algebra (MAT\*172). The course will focus on the algebraic manipulation of rational expressions and functions,

and radical expressions and functions, and a review of factoring. We will also cover solving equations with radicals and rational expressions. *Prerequisite: C- or better in Intermediate Algebra for Liberal Arts (MAT\*137L).* (Elective Type: G/LAS/M). (Competency fulfilled: Scientific Knowledge & Understanding).

**MAT\*135 Topics in Contemporary Math (a) 3 credits**

A practical course offering an exposure to a wide range of topics with an emphasis on critical thinking, problem solving and the real number system. Topics may include logic, financial management, set theory, metric system and probability and statistics. This course is intended for students registered in Criminal Justice, Business Office Technology, DARC, Human Services, Visual Fine Arts, Photography, and Graphic Design. *Prerequisite: C- or better in Pre-Algebra & Elementary Algebra (MAT\*085) or Introductory Algebra (MAT\*094) or Elementary Algebra Foundations (MAT\*095) or placement into Intermediate Algebra (MAT\*137).* (Elective Type: G/LAS/M) (Ability Assessed: 7)

**MAT\*137 Intermediate Algebra (a) 3 credits**

Serving as a prerequisite for most other first level credit Math courses, including College Algebra, Elementary Statistics with Computer Applications, Number Systems, Finite Mathematics and Math for the Liberal Arts. This course is a further study of algebra and mathematical modeling of functions and relations represented by tables, graphs, words, and symbols. Polynomial functions and expressions with special attention to linear, quadratic, exponential, rational, and radical functions are studied. There is an emphasis on applications for all topics. *Prerequisite: C- or better in Prealgebra and Elementary Algebra (MAT\*085) or Introductory Algebra (MAT\*094) or Elementary Algebra Foundations (MAT\*095) or appropriate placement test or SAT score.* (Elective Type: G/LAS/M) (Ability Assessed: 7)

**MAT\*139 Elementary & Intermediate Algebra Combined (a) 4 credits**

Combines the content of Elementary Algebra (MAT\*095) with Intermediate Algebra (MAT\*137) in one semester. It also serves as a prerequisite for most other first level credit math courses, including Number Systems (MAT\*141), Math for the Liberal Arts (MAT\*146) Finite Mathematics (MAT\*152), Elementary Statistics with Computer Application (MAT\*165), and College Algebra (MAT\*172). All of the topics covered in both Elementary Algebra (MAT\*095) and Intermediate Algebra (MAT\*137) will be covered in this class. *Prerequisite: Appropriate placement test score.* (Elective Type: G/LAS/M) (Ability Assessed: 7)

**MAT\*141 Number Systems (a) 3 credits**

Nature of Mathematics and theory of sets and logic are studied. Starting with natural numbers, the number system is extended by analysis of its properties to integers, rationals, reals and complex numbers. Various numeration systems are investigated. This course is recommended for students in Early Childhood, Elementary or Middle School Education Programs. *Prerequisite: C- or better in Intermediate Algebra (MAT\*137) or Elementary & Intermediate Algebra Combined (MAT\*139) or appropriate placement test score.* (Elective Type: G/LAS/M) (Transfer Ticket Competency in Degree Works: QUAX) (Ability Assessed: 7)

**MAT\*146 Math for the Liberal Arts (a) 3 credits**

This course is designed to meet the needs and program requirements of liberal arts and/or general studies majors. The course content includes the following core topics: inductive and deductive reasoning, sets, logic, number theory, geometry, probability and statistics. *Prerequisite: C- or better in Intermediate Algebra (MAT\*137) or Elementary & Intermediate Algebra Combined (MAT\*139) or appropriate placement test score.* (Elective Type: G/LAS/M) (Transfer Ticket Competency in Degree Works: QUAX) (Ability Assessed: 7)

**MAT\*152 Finite Mathematics (a) 3 credits**

Introduces basic modern mathematical tools for the study of applications in business, life, and social sciences. It also provides a more substantial algebraic foundation for those students who wish to continue with Calculus for Management, Life and Social Sciences or College Algebra or those who need a college-level Math course beyond Intermediate Algebra. Linear equations and inequalities, quadratic equations and inequalities, exponential and logarithmic equations, matrices and determinants, systems of equations and applications using linear programming are studied in depth. *Note: This course is required for those students wishing to articulate from Tunxis Community College into the Business program at University of Connecticut.* *Prerequisite: C- or better in Intermediate Algebra (MAT\*137) or Elementary & Intermediate Algebra Combined (MAT\*139) OR appropriate placement test score.* (Elective Type: G/LAS/M) (Transfer Ticket Competency in Degree Works: QUAX) (Ability Assessed: 7)

**MAT\*165 Elementary Statistics w/Computer Application (a)(b) 4 credits**

Introduction to statistical theory including the nature of statistical methods, exploratory data analysis, the rules of probability, frequency distributions, probability distributions (Binomial, Poisson, hypergeometric, uniform, normal), sampling distributions, estimation, and hypothesis testing, one- and two-sample procedures, regression,

	and correlation. Learning to do statistical analysis using computers is required of all students and is an integral part of the course. <i>Prerequisite: C- or better in Intermediate Algebra (MAT*137) or Elementary &amp; Intermediate Algebra Combined (MAT*139) or appropriate placement test score. (Elective Type: G/LAS/M) (Transfer Ticket Competency in Degree Works: QUAX) (Ability Assessed: 7)</i>			
<b>MAT*172</b>	<b>College Algebra (a)</b>			<b>3 credits</b>
	A credit course involving the higher-level topics in algebra needed for success in PreCalculus and, ultimately, the Calculus series. Topics to be included are the following: systems of equations, including two- and three-variable linear and nonlinear systems; graphing of higher-order functions using transformations, increasing/decreasing intervals, maxima/minima; inverse functions; graphing of nonlinear inequalities in one and two variables; conic sections; laws of logarithms, exponential and logarithmic functions, solving exponential and logarithmic equations; applications related to exponential and logarithmic functions; 4 operations on complex numbers; simplification of complex fractions; solving of polynomial and rational inequalities. The course will utilize the graphing calculator to a limited extent. <i>Prerequisite: C+ or better in Intermediate Algebra (MAT*137) or Elementary &amp; Intermediate Algebra Combined (MAT*139) or C- or better in Finite Mathematics (MAT*152) or appropriate placement test score. (Elective Type: G/LAS/M) (Transfer Ticket Competency in Degree Works: QUAX) (Ability Assessed: 7)</i>			
<b>MAT*186</b>	<b>Precalculus (a)</b>			<b>4 credits</b>
	Intended to prepare the student for the theory of Calculus I. Extensive work is done with polynomial and rational functions, including the Fundamental Theorem of Algebra, Rational Roots Theorem, complete factorization, asymptotes and graphing. Detailed coverage of trigonometric functions (both right triangle and circular) includes graphing, trigonometric identities, the solving of equations, the Laws of Sines and Cosines and Inverse trigonometric functions. Other included topics are DeMoivre's Theorem, polar coordinates, mathematical induction, the algebra of matrices and the Binomial Theorem. The graphing calculator is used when appropriate. <i>Prerequisite: C- or better in College Algebra (MAT*172) OR appropriate placement test score. (Elective Type: G/LAS/M) (Transfer Ticket Competency in Degree Works: QUAX) (Ability Assessed: 7)</i>			
<b>MAT*190</b>	<b>Calculus for Business &amp; Social Science I (a)</b>			<b>3 credits</b>
	Designed for students who plan to major in social, biological, behavioral, or managerial sciences. Topics include techniques of differentiation and integration, together with applications of the derivative and definite integral. Logarithmic and exponential functions are also examined for their applications. <i>Note: Students transferring to University of Connecticut under the Business Articulation Agreement MUST take Finite Mathematics (MAT*152) before this course. Prerequisite: C- or better in Finite Mathematics (MAT*152), OR C+ or better in Intermediate Algebra (MAT*137) or Elementary &amp; Intermediate Algebra Combined (MAT*139); OR appropriate placement test score. (Elective Type: G/LAS/M) (Transfer Ticket Competency in Degree Works: QUAX) (Ability Assessed: 7)</i>			
<b>MAT*254</b>	<b>Calculus I (a)</b>			<b>4 credits</b>
	The limit and derivative of a function are developed. Applications include concavity, optimization problems and rectilinear motion. The definite integral and techniques of integration are also further studied. Applications of the definite integral include area under a curve, volumes of solids, arc length, work and center of mass. <i>Prerequisite: C- or better in Precalculus (MAT*186). (Elective Type: G/LAS/M) (Transfer Ticket Competency in Degree Works: QUAX) (Ability Assessed: 7)</i>

# ADMISSIONS PROCEDURES – SUMMER/FALL 2018

## How to Apply as a **NEW** or **TRANSFER** Student at Tunxis:

**1** **Submit an Application With \$20.00 (non-refundable) Application Fee:**  
Please visit our website at [tunxis.edu](http://tunxis.edu) for a printable version of our application and information about applying online. Or you may obtain a copy of our application at the Admissions Office. All applicants must provide proof of high school completion; a copy of your diploma, GED or transcript is acceptable. A college or university degree from a U.S. institution may be used in lieu of a high school diploma.

**2** **Meet State Immunization Requirements:**  
State law requires that all full-time and degree/program-enrolled students submit proof of measles, rubella and varicella (chicken pox) immunity. Students enrolled on a part-time, non-degree basis are exempt from this requirement. You may access a copy of the Immunization Policy and form at [tunxis.edu/apply](http://tunxis.edu/apply) or visit the Admissions Office for more information. Immunization form must be submitted **prior to registering for classes**.

*The Tunxis Application for Admission and Immunization Forms are available online at [tunxis.edu/apply](http://tunxis.edu/apply) and at the Admissions Office.*

**3** **Take the College Academic Placement Assessment — Accuplacer:**  
All new students must take the college's academic placement assessment, Accuplacer. Please see page 33 for details. Students with previous and appropriate college or university credit in math and English may be exempt. Students may also be exempt from testing based on their SAT or ACT scores. For more information go to [tunxis.edu/asc](http://tunxis.edu/asc). Your college application should be submitted at least one week prior to testing.

**4** **Register for Courses:**  
Once your admission file is processed, you will receive information via email from the Admissions Office regarding dates and times when you may register and select your courses. As part of the registration process you will meet with an academic advisor. **Please note: due to course prerequisites and advising requirements at Tunxis, new students may not register online.**

## How to Apply as a **READMIT** Student at Tunxis Community College:

Please complete an application and forward it to the Admissions Office at least three days prior to meeting with an advisor. Proof of high school graduation and new state immunization requirements must be met if you wish to enroll in a degree or certificate program. After you submit your readmit application, please see your faculty advisor or contact the Academic Advising/Counseling Office at 860.773.1510 to schedule an advising appointment.

**Please submit an updated application if you previously attended Tunxis and are...**

- registering for Summer 2018 and didn't attend Tunxis in Summer 2015 or 2016
- registering for Fall 2018 and didn't attend Tunxis in Fall 2016

Readmitting students do not have to pay the application fee again.

**WELCOME BACK!**

**? ? Have QUESTIONS ?**

Please contact the **Admissions Office at 860.773.1490** if you have questions or would like to speak with a member of our staff regarding the admissions process.

# REGISTRATION PROCEDURES – FALL 2018

## CURRENT OR RETURNING STUDENTS

All current or returning Tunxis students are encouraged to make an appointment with their academic advisor as early as possible to identify the courses they need to meet their academic goals. **You may also log onto [my.comnet.edu](http://my.comnet.edu) and process a degree evaluation with Degree Works.** Appointment sign-up sheets are posted on each faculty advisor's door. Students who wish to speak with an Academic Advising Center advisor/counselor may schedule an appointment by calling 860.773.1510. It is strongly recommended that you register early for the widest selection of available classes.

### IN PERSON REGISTRATION (Refer to page 27 for a complete listing of registration dates and times.)

1. Ensure that you have met all the necessary prerequisites for the courses you want to take. If not, you must make an appointment with a faculty/academic advisor prior to registering.
2. Complete the registration form. Your signature is required.  
**An advisor's signature is ONLY required if you need approval to register for a course.**
3. Make sure all transfer and prerequisite courses are on-file or provide an unofficial copy.
4. If you are not eligible to register for any of your courses, make an appointment to meet with your advisor.
5. Take the completed registration form to the Records Office for processing.
6. Proceed to the Business Office in Founders Hall for payment (required at time of registration).

### WEB REGISTRATION is conveniently available 24 hours/7 days per week from 4/2-8/27 – see details below.

**FORMER STUDENTS** who are returning to the College after being away for at least two years must submit an updated readmit application to Admissions. Refer to instructions for "How to Apply as a Readmit Student" on page 26.

## WEB Registration 24 hours/7 days a week from: 4/2-8/27.

**NOTE: Full Payment of tuition and fees is REQUIRED at time of registration.**

Students who have previously attended Tunxis Community College within the past two years, and who know their Student ID# have the option of registering via the Web. Students who have not previously attended the College may register at the Records Office after they have completed the admissions process.

**You MUST meet course prerequisites.** Refunds will not be granted based on unmet prerequisites. If you did not take a prerequisite at Tunxis, the WEB registration system will not accept your registration. If you receive a "pre-req. error" while web registering, you may contact the Academic Advising/Counseling Center at 860.773.1510.

Although registering by Web, advisors and counselors are available for academic planning and course selection. Contact Advisors in their Faculty Office, or contact the Academic Advising/Counseling Center at 860.773.1510.

## WHAT IS myCommNet?

myCommNet is a web portal that provides information for students, faculty and staff of the Connecticut Community Colleges and provides access to a broad array of personal, academic, and work-related services with a single sign-on. **You will use your Network ID (NetID) and password to sign on.**

### Network ID (NetID) for STUDENTS:

Your NetID is composed of the following: Your BannerID (without the “@”) followed by @STUDENT.COMMNET.EDU

*Example:* A student with a BannerID of @87654321, will have the following NetID:  
87654321@STUDENT.COMMNET.EDU

### Network ID (NetID) for STAFF:

Your NetID is composed of: Your BannerID (without the “@”) followed by @TXCC.COMMNET.EDU

## What is Your Network ID PASSWORD?

Your **initial\*** password (if you have not logged on to a college computer) will be based on a combination of birth date and social security number as listed below.

1. **First three characters of birth month** (with first letter capitalized)
2. Ampersand character - **&**
3. **Last 4 digits of Social Security Number**

**Example: The initial password for a user with a birth date of 10/24/79 and social security number of 123-45-6789, would be: Oct&6789**

\*Otherwise, your **PASSWORD** is your on-campus computer log in.

Students and faculty who have forgotten their password may choose to use one of two methods via the web reset utility at: **<http://supportcenter.ct.edu/netid/pswdmenu.asp>**. Students and faculty can reset their NetID password by sending an email to the Security Email Address on file or may choose to verify their identity by answering a previously chosen security question. Staff (other than faculty) must contact the Administrative IT office or IT Dept. Help Desk.

**Additional NetID information is available at <http://supportcenter.ct.edu/netid/netid-faq.asp>**

## FINANCIAL AID: USEFUL INFORMATION (860.773.1422)

The financial aid application process can take weeks to complete – please apply early! Tunxis urges all students to apply for financial aid on the internet. Applying online will result in faster and more accurate processing. The step-by-step information below is designed to help you through the application process.

You DO NOT need to own a computer to apply for financial aid online. Access to the internet is available at many public libraries (including the Tunxis library), high schools, adult education centers and community centers.

**IMPORTANT: The Tunxis Financial Aid Office cannot process your financial aid application until you are accepted into a degree or eligible certificate program.** For more program information call the Tunxis Admissions Office 860.773.1490.

**1. EMAIL:** The Department of Education will use your email to communicate with you. Tunxis will use your Tunxis email account. If you don't already have a personal email account, you can get one for free at yahoo.com, hotmail.com, or mail.com.

**2. FSA ID:** Go to fsaid.edu.gov to apply for an FSA ID. The FSA ID allows you to “sign” your federal student aid application online. **NOTE:** If you are a dependent student, a parent will also need to obtain a FSA ID. All students (and parents, if student is a dependent) must sign the FAFSA with their own FSA ID. *Questions? Contact the Federal Student Aid Information Center for assistance: 1.800.433.3243.*

**3. APPLY:** after receiving your FSA ID, go to www.fafsa.gov and complete the Free Application for Federal Student Aid (FAFSA). The FAFSA must be completed once a year for each new academic year. FAFSA's for the following fall are available after January 1. Complete the online application, and if you've filed a federal tax return, use the IRS data link to fill in the questions regarding your return. **The federal school code for Tunxis is 009764.** When you enter the code, you will be asked about housing. If you live at home, select 'with parent' even if you pay rent. If you do not live with your parents, select 'off campus.' (We do not have on-campus housing.)

**4. SAR:** You will receive notification from the Department of Education when they have completed the processing of

your FAFSA. Use the link to view your SAR (Student Aid Report) to check for errors, omissions, and your verification status. Correct or complete any items.

**5. TRACK:** You will also receive notifications from Tunxis confirming receipt of your FAFSA. The email will refer you to your student account on my.commnet.edu. You will also receive additional notifications, reminders and final status through your Tunxis email.

**6. LEARN:** To learn more about student aid, visit the college website regarding Tunxis-specific financial aid policies, procedures and student responsibilities; select 'student services', then 'financial aid.'

**7. ATTEND:** You must attend all classes you register for in order to “earn” your financial aid award.

**8. WITHDRAWALS/DROPS:** ALWAYS check with the financial aid office before you withdraw or drop **any** class.

### Education Benefits for Veterans and Service Members:

Veterans, National Guard members, and Reservists may be eligible for GI Bill benefits, and may also be eligible for the Connecticut tuition waiver. Please contact Dr. Kirk Peters for assistance (860.773.1480).

# PLACEMENT TESTING – SUMMER/FALL 2018

**An Application for Admission form MUST be submitted to the Admissions Office (860.773.1490) one week prior to placement testing.** Tunxis Community College requires placement testing or proof of exemption status prior to enrollment at the College. New applicants are asked to take the Accuplacer Placement Test to assess their English, reading, and mathematics skills. Exemptions exist for students with appropriate SAT or ACT scores or for students who have successfully completed college-level English and/or math. (Additional information and exemption forms are available in the Academic Success Center.) Note: if a student requires accessibility or accommodation arrangements for placement testing, please call 860.773.1526.

All new students must complete placement testing requirements by the time they have completed 6 credits. No student may register for English, mathematics, English as a Second Language (ESL) courses or courses requiring math or English as a prerequisite, without taking placement tests or providing proof of exemption. ESL students should test and complete their ESL program requirements before attempting the ACCUPLACER College Placement Test. ESL students have some flexibility with the 6-credit rule.

**Please call 860.773.1530 for a reservation (seating is limited).** Testing takes place in the Academic Success Center. Most students complete the test in approximately 2 hours. For details please visit the Academic Success Center in person or online. **For testing schedule and more sample questions: go to [tunxis.edu/asc](http://tunxis.edu/asc).**

## PREPARING FOR PLACEMENT TESTING AT TUNXIS COMMUNITY COLLEGE

**Please bring your student ID# and a photo ID to the testing session.** Arrive 5-10 minutes before testing time. Allow 2 hours for **both** English and math. The test is a series of untimed, multiple-choice subtests in English, reading, and math. No calculators allowed. Please see sample questions below.

**Sentence Skills Sample Question** – Select the best version of the underlined part of the sentence. The first choice is the same as the original sentence. If you think the original sentence is best, choose the first answer.

To walk, biking, and driving are Pat's favorite ways of getting around.

- A. To walk, biking, and driving      B. Walking, biking, and driving      C. To walk, biking, and to drive      D. To walk, to bike, and also driving

**Reading Comprehension Sample Question** – Read the statement or passage and then choose the best answer to the question. Answer the question based on what is stated or implied in the statement or passage.

It is said that a smile is universally understood. And nothing triggers a smile more universally than a taste of sugar. Nearly everyone loves sugar. Infant studies indicate that humans are born with an innate love of sweets. Based on statistics, a lot of people in Great Britain must be smiling because on average, every man, woman, and child in that country consumes 95 pounds of sugar each year.

From this passage it seems safe to conclude that the English

- A. do not know that too much sugar is unhealthy.      B. eat desserts at every meal.  
C. are fonder of sweets than most people.      D. have more cavities than any other people.

**Arithmetic Sample Question** – Solve the following problem and select your answer from the choices given.

$2.75 + .003 + .158 =$       A. 4.36      B. 2.911      C. 0.436      D. 2.938

**Elementary Algebra Sample Question** – Solve the following problem and select your answer from the choices given.

If A represents the number of apples purchased at 15 cents each, and B represents the number of bananas purchased at 10 cents each, which of the following represents the total value of the purchases in cents?

- A.  $A + B$       B.  $25(A + B)$       C.  $10A + 15B$       D.  $15A + 10B$

**College-Level Mathematics Sample Question** – Solve the following problem and select your answer from the choices given.

The graph of which of the following equations is a straight line parallel to the graph of  $y = 2x$ ?

- A.  $4x - y = 4$       B.  $2x - 2y = 2$       C.  $2x - y = 4$       D.  $2x + y = 2$       E.  $x - 2y = 4$

**For testing schedule and more sample questions: go to [tunxis.edu/asc](http://tunxis.edu/asc).**

The courses in this schedule are grouped by subjects that are listed alphabetically. Within each subject group, the courses are listed in numerical order from lowest to highest.

Courses designated with codes from 001-099 do not satisfy discipline requirements or count as an elective in any degree program; neither do its credits count toward requirements for graduation. Courses numbered 100-199 are considered first-year courses. Courses numbered 200 or higher are considered second-year courses.

**ELECTIVES:** Within an academic program, courses are either required or elective. Elective courses fall into broad subject areas of study in the liberal arts and sciences. These broad subject areas are the humanities, the natural sciences and the social sciences.

### GENERAL ED REQUIREMENTS:

In addition, all degree programs have specific general education requirements. General education requirements assure that students have exposure to a range of courses in specific areas of the curriculum. The general education requirements are grouped into six modes. The general education modes and courses can be found in the College catalog.

### NOTES...

- Indicates that prerequisite or co-requisite to courses as listed in the course description must be met prior to registering.
- Student must attend laboratory, clinic, clinic seminar or computer component associated with this course. This component may/may not require additional time outside scheduled class.
- Developmental courses do not satisfy English or Mathematics credit requirements and cannot be counted as college credit for graduation or for transfer to another institution. Student will not be allowed to take credit level English/Mathematics while enrolled in these courses.
- Course may not satisfy degree or certificate program requirement. See course description.

# UConn GUARANTEED ADMISSIONS PROGRAM

The Guaranteed Admission Program (GAP) is an agreement between the Connecticut Community College System and the University of Connecticut, designed for students who enroll in a Liberal Arts program at one of Connecticut's community colleges. Students who plan to continue their studies to earn a bachelor's degree in Liberal Arts and Sciences, Agriculture, Health and Natural Resources or Business are guaranteed admission to the University of Connecticut once the associate degree has been earned, appropriate courses have been completed, and minimum grades and requirements for the selected program have been achieved. Advisors from individual community colleges and UConn meet with Guaranteed Admission Program students throughout their community college careers, helping their eventual transition to the University.

Students wishing to enroll in the Guaranteed Admission Program must be matriculated in the Liberal Arts transfer program at one of the Connecticut community colleges. To participate in this program, students must apply to the GA Program before they have accrued 30 transferable credits. All interested Tunxis students should contact the Academic Advising Center for further information and assistance in selecting courses that will meet both community college and UConn degree requirements.

organization. Alternatively, students may complete the internship component of the Practicum through directed independent project(s) involving advanced analysis, research, and writing. Both the internship experience and the directed projects are designed to assess the students' mastery of the program learning objectives, and to further develop their professional skills. Students planning to enroll in the Practicum should meet with the Program Coordinator or Practicum Instructor to learn of existing Internship opportunities, or to define the elements of a meaningful internship experience either at their current employer or a new internship position. Students are responsible for attaining their own internship. With permission of the Program Coordinator or Practicum instructor, the internship work hours may occur prior to the students registering for the Practicum. The classroom component involves several seminars or workshops, meeting in the classroom and/or online during the semester to discuss the students' internship experience, as well as their academic, professional, and career development. In addition, student mastery of general education abilities and program learning outcomes will be assessed. The assessment of these outcomes may include completing a directed project and/or developing an ePortfolio. *Prerequisites: Permission of the Program Coordinator or Business Practicum Instructor. Prior to taking the Business Practicum, students must have completed twelve business core or program option credits with a grade of C- or better, AND have completed at least 40 credits towards their associate degree or 15 credits towards their BA Certificate. # STUDENT EXPECTATIONS

In the courses offered by Tunxis Community College students may be required to use the computer and the internet to access course materials, complete assignments, and take tests. Written assignments should be word processed. Computers are available for student use in the library and the open computer lab. The college offers credit courses in keyboarding and word processing as well as workshops and assistance in the use of computer technology.

Some assignments may involve field trips or work in groups that may require time commitment outside of regular scheduled class hours. Assignments may also require oral or visual presentations. The specific requirements of the course will be stated in the course outline.

Students should expect to spend considerable time outside of class completing assignments and studying. Depending on the course and other factors, for every hour in class, students should plan on spending two, three, or more hours outside of class on homework and studying. (For example, for a 3 credit course, you should expect to spend 9 hours of study time in addition to the 3 hours of class time per week.)

## NOTES...

- Indicates that prerequisite or co-requisite to courses as listed in the course description must be met prior to registering.
- Student must attend laboratory, clinic, clinic seminar or computer component associated with this course. This component may/may not require additional time outside scheduled class.
- Developmental courses do not satisfy English or Mathematics credit requirements and cannot be counted as college credit for graduation or for transfer to another institution. Student will not be allowed to take credit level English/Mathematics while enrolled in these courses.
- Course may not satisfy degree or certificate program requirement. See course description.

# LIBERAL ARTS & SCIENCES PROGRAM

The Liberal Arts & Sciences (L&S) include all the traditional academic disciplines, such as anthropology, art, biology, chemistry, English, history, math, and physics. The LA&S program is designed for the student planning on transferring to a four-year school to complete their bachelor's degree in any of those academic fields. It is definitely the major to take if you are planning on transferring to a non-CSU campus, such as UConn, Saint Joseph's, Trinity, or out of state. In addition it's the appropriate choice for those planning to transfer to a Connecticut State University (Central, Eastern, Southern, Western), but who are not yet sure of the specific degree they seek.

The LA&S program at Tunxis has been constructed to allow a graduating student to transfer to a four-year institution as a junior with few if any general education or lower-level courses in their major to make up. Advisors work diligently with students to tailor their choice of electives to match the requirements of their intended transfer school.

LA&S offers two degrees, the Associate of Arts and Associate of Science. That terminology is of long standing in academe, but among its most misleading. The only difference between the two is the addition of required foreign language competency for the Associate of Arts. It has nothing to do with whether one's aim is to be a math, history, psychology, English, or biology major.

### COM\*173 Public Speaking (a) 3 credits

Introduces students to the principles of oral communication with an emphasis on the public speaking skills needed for academic and professional presentations. Students will apply their knowledge of the theories of effective oral communication and present a variety of speeches that appropriately use audio visual aids and outside research. In a workshop environment, students will enhance their skills in critical thinking and listening by assessing their own public speaking and providing feedback on the public speaking of others. *Prerequisite: C- or better in Integrated Reading and Writing II (ENG\*075) or Introduction to College Reading & Writing (ENG\*093) or Introduction to College English (ENG\*096) or Reading & Writing VI (ESL\*162), or placement into Composition (ENG\*101). # HOW TO BECOME A DRAFTER

## EDUCATION IS KEY...

Employers prefer applicants who have completed postsecondary education in drafting, typically an associate's degree from a technical institute or community college. Drafters who specialize in architecture may need a higher degree, such as a bachelor's degree. To prepare for postsecondary education, high school courses in mathematics, science, computer technology, design, computer graphics, and, where available, drafting, are useful.

After completing an associate's degree program, graduates may get jobs as drafters or continue their education in a related field at a 4-year college. Most 4-year colleges do not offer training in drafting, but they do offer classes in engineering, architecture, and mathematics that are useful for obtaining a job as a drafter.

## QUALITIES TO DEVELOP

**Critical-thinking skills.** Drafters help the architects and engineers they work for by spotting problems with plans and designs.

**Detail oriented.** Drafters must pay attention to details so that the plans they are helping to build are technically accurate to all detailed specifications.

**Interpersonal skills.** Drafters must work closely with architects, engineers, and other designers to make sure that final plans are accurate. This requires the ability to take advice and constructive criticism, as well as to offer it.

**Technical skills.** Drafters in all specialties must be able to use computer software, such as CADD, and to work with database tools, such as BIM.

**Time-management skills.** Drafters often work under deadlines. They must be able to produce their output according to set schedules and so must plan their time well.

Topics to be covered include network topologies, protocols, architectures, components, and operating systems. *Prerequisite:* C- or better in *Integrated Reading and Writing II (ENG\*075)* or *Introduction to College Reading & Writing (ENG\*093)* or *Introduction to College English (ENG\*096)* or *Reading & Writing VI (ESL\*162)*, or placement into *Composition*

# TUNXIS TECHNOLOGY

The vast majority of computer technology at Tunxis is supported by the Information Technology (I.T.) department and includes:

## **COMPUTER CENTER'S OPEN COMPUTER LAB**

For all currently-enrolled students with both PC and MAC computers accessible. The full range of applications taught at the College is available along with special multimedia workstations. Printing is regulated according to an established I.T. policy.

Check with I.T. staff for policy details. Help Desk staff are on duty at all times to answer questions and assist students experiencing difficulty using the equipment.

## **PC-BASED CLASSROOMS**

Multiple Tunxis classrooms are equipped with computer workstations for enrolled student with all appropriate software provided for course work.

## **MAC-BASED CLASSROOMS**

Two classrooms with Apple computer workstations and laser printers are continuously updated and maintained to support students enrolled in various Graphic Design and Fine Arts courses.

## **OTHER CLASSROOMS**

Nearly every general-purpose classroom on campus is equipped with an instructor's computer workstation and multimedia presentation equipment.

## **COMPUTER CENTER HOURS OF OPERATION**

Monday through Thursday: 8:00am-9:30pm

Friday: 8:00am-4:00pm

Hours vary during semester breaks and subject to change. See posted schedule in Computer Center.

# ALUMNI ASSOCIATION

The Alumni Association of TCC exists to support the College mission, encourage community alliances, promote education, and foster a spirit of unity and pride.

## HISTORY

Tunxis Community College began operations in October 1970 and held its first graduation in June 1972. Ten years later a small group of volunteer graduates initiated an effort to establish an alumni association. The founders wrote bylaws to govern its operation, registered the organization with appropriate state agencies and began holding fund raising events. Proceeds from the events are used to support student scholarships, recognize outstanding faculty and staff, and to help fund other requirements of the College not generally supported by public funds. Alumni Association leadership collaborates with College administration and the Tunxis Foundation and Advisory Board to support important initiatives as they evolve.

## MEMBERSHIP

All graduates of Tunxis Community College degree and certificate programs, and those students who have left the College in good standing, shall be eligible for membership. All active members are encouraged to attend regularly scheduled Board of Directors meetings and participate in association events or committees.

If you would like to support your Alumni Association by volunteering or contributing a tax-deductible donation, please complete an application form. Checks should be made payable to Alumni Association of TCC.

Please visit  
**tunxis.edu**  
for more information.

*The Alumni Association of TCC is a federally recognized non-profit organization. It has 501 (c)(3) tax-exempt status from the IRS. All donations to the Association are tax deductible.*

## EARLY CHILDHOOD EDUCATION ADMINISTRATION CERTIFICATE

Administrators and directors of child-care facilities have many responsibilities including business operations, staff training, and the planning of an appropriate learning environment for young children. To accomplish these tasks successfully, the individual must have skills in business management and leadership, and be knowledgeable in child development and developmentally appropriate practices. This certificate program is designed to provide a well-balanced quality education to both current and prospective administrators and directors, to enable them to work effectively with their staffs as well as with the diverse population of children and families they serve, and to manage the day-to-day operations of a business.

Markets and determination of price and output in product, resource, and financial markets are studied. Topics include consumer and producer theory, demand and supply elasticities, international finance, competition and monopoly, functional and individual income distribution, poverty, and government intervention in markets. *Prerequisites: C- or better in Integrated Reading & Writing II (ENG\*075) or Introduction to College Reading & Writing (ENG\*093) or Introduction to College English (ENG\*096) or Reading & Writing VI (ESL\*162), or placement into Composition (ENG\*101); and C- or better in Pre-Algebra and Elementary Algebra (MAT\*085) or Introductory Algebra (MAT\*094) or Elementary Algebra Foundations (MAT\*095) OR placement into credit level mathematics. (Elective Type: G/SS) (Transfer Ticket Competency in Degree Works: GLKY/SOCX) (Competencies Fulfilled: Social Phenomena and Understanding & Embedded Ethical Dimensions)*

**NOTE: All ECN\*102 courses utilize MyEconLab software.**

## NEW PROGRAM! ENERGY MANAGEMENT

[Tunxis.edu/energy](http://Tunxis.edu/energy)

Train for a career in the growing field of building energy management.

- By 2025, national spending on utility led energy efficiency programs is projected to double from 2010 levels of about \$4 billion to approximately \$9.5 billion (Ernest Orlando Berkley National Labs). The U.S. Department of Labor projects a “bright outlook” for workers in energy efficiency.
- Starting salaries of \$45,000-55,000.
- Associate degree and certificates provide hands-on learning in measuring, analyzing and reducing commercial building energy use.
- Internships & job placement assistance included.

*“ Every building uses energy, but few buildings have staff trained to optimize it. Programs like the Energy Management degree offered by Tunxis Community College give professionals tangible skills and a direct on-the-job return on investment.”*

– Matt Gibbs, Managing Director, Evergreen Consulting Group; former Director, Energy Efficiency Implementation, EverSource.

### ENERGY MANAGEMENT (\$ or M = additional fee applies)

#### NRG\*124 Energy Control Strategies (a)(\$)(M) 3 credits (2 lec/2 lab)

An introduction to basic control theory as it relates to building HVAC systems. Integration of various HVAC concepts and control systems facilitates the completion of an energy savings calculation project. Topics include building system control theory and devices, including electric, pneumatic, and digital controls. An emphasis is placed on identifying and understanding control strategies to estimate energy savings. Hands on labs reinforce device identification. Students complete an energy efficiency controls calculation project. Note: course offered in Fall only. *Prerequisites:* C- or better in Commercial HVAC Systems & Analysis (NRG\*122) and Energy Efficiency Methods (NRG\*123); *Co-requisites:* Spreadsheet Applications (CSA\*135), or Business Software Applications (BBG\*115), or permission of Program Coordinator. (Elective Type: G) (Ability Assessed: 7)

3266 .....T/R.....6:30-8:17P .....Staff

#### NRG\*130 Applied Renewable Energy for Business & Residences (a)(\$)(M) 3 credits (2 lec/2 lab)

Focuses on the practical application of renewable energy technologies. Topics include energy and resource conservation and project siting, economics, financing, renewable energy and tax credits, technical and engineering aspects, regulatory issues, energy storage, monitoring and verification. Students study the advantages, limitations and potential of various energy sources. Wind, solar, small-scale hydro, ground-source heat pumps, combined heat and power, biofuels, fuel cells, and other technologies are examined. Students will learn the strategies and cost/benefit analyses employed by energy analysts to meet demand with clean energy production. Students will also complete their own study and proposal for a renewable energy project. Note: course offered in Fall only. *Prerequisites:* Placement into Intermediate Algebra (MAT\*137) and English Composition (ENG\*101) or above. (Elective Type: G)

3267 .....T/R.....8:30-9:50P .....Staff

#### NRG\*133 Lighting Fundamentals & Applications (a)(\$)(M) 3 credits (2 lec/2 lab)

Competence with lighting systems analysis is a basic necessity for commercial energy auditors. Topics include assessment of quantity and quality of light, light sources, luminaries, lighting controls, manufacturer lamp and ballast specifications, lighting power density, lighting-HVAC interactions, retrofit opportunities, cost savings analysis, and lighting codes/regulations. Students create a directly supervised lighting audit project. NOTE: course offered in Fall only. *Prerequisites:* C- or better in Introductory Physics (PHY\*110) and Intermediate Algebra (MAT\*137), or permission of Program Coordinator. (Elective Type: G) (Ability Assessed: 7)

3268 .....S .....9:30A-1:15P .....Staff

#### NRG\*240 Energy Investment Analysis (a)(\$)(M) 3 credits (2 lec/2 lab)

Enables students to analyze energy investments using spreadsheets to consider total cost-benefits over the life of the investment. Topics include: interest, simple payback and life-cycle cost analysis, time value of money, cash flow equivalence, cost-benefit analysis, effects of tax credits, depreciation, inflation and/or escalating fuel costs on energy investments, and cost estimating procedures. The emphasis will be on analysis of energy investments using spreadsheets to consider total cost-benefits over the life of the investment. NOTE: course offered in Fall only.

## INTRODUCTION TO THEATER THR\*101

Introduction to Theater explores the history of theater, introduces students to the study of dramatic literature in the context of performance. It also surveys the contributions of directors, designers, actors, stage managers, and front- and back-of-house personnel to the staging of a production.

Finally it introduces students to the fundamentals of staging a play through small in-class performances and/or work on main-stage productions.

### ENGINEERING SCIENCE (\$\$ or M = additional fee applies)

#### EGR\*105 Robotics: Construction and Design (a)(\$\$(M) 4 credits (3 lec/3 lab)

Explore the multidisciplinary world of robotics, and its relevance to current humanitarian, social, and environmental concerns. Modeling fields of science and engineering, this class will be based on teamwork and cooperative problem solving in a supportive, hands on, laboratory environment. Solutions to a series of challenges will be designed, constructed, tested, and revised by students working together in groups. A standard, modular, mobile robotics system will be used to design and construct robots capable of carrying out a single task or multiple tasks related to a variety of applications. The role of science, engineering and technology in modern society will also be explored. (Elective Type: G/LAS) (Ability Assessed: 7)

3270 ..... T/R ..... 10:05A-1:00P ..... Szepanski

#### EGR\*111 Introduction to Engineering (a) 3 credits

Introduces students to engineering and the engineering profession through the application of physical conservation principles in analysis and design. Topics include dimensions and units, conservation of mass, momentum, energy and electric charge, static force balances, material properties and selection, measurement errors, mean and standard deviation, elementary engineering economics, and design projects. Prerequisite: C- or better in Intermediate Algebra (MAT\*137) or Elementary & Intermediate Algebra Combined (MAT\*139). (Elective Type: G/LAS) (Ability Assessed: 7)

#### EGR\*115 Programming for Engineers (a) 3 credits

Introduces engineering students to structured and object-oriented programming methods. Students will examine and solve a variety of engineering problems. Students will design, code and execute modular programs using an object-oriented language such as C++ or Java. The course will include the use of abstract data types in solving classical engineering problems. Prerequisite: C- or better in Intermediate Algebra (MAT\*137) or Elementary & Intermediate Algebra Combined (MAT\*139). (Elective Type: G/LAS) (Ability Assessed: 7)

3273 ..... ONLINE ..... Staff

#### EGR\*212 Engineering Dynamics (a) 3 credits

Introduces students to the fundamentals of engineering dynamics, including rectilinear and curvilinear motion, translation, rotation, and plane motion; work, energy and power; and impulse and momentum. The basic principles of dynamics are applied to engineering problems. Vector methods are covered. Note: course offered in Fall only. Prerequisite: C- or better in Engineering Statics (EGR\*211). (Elective Type: G/LAS) (Ability Assessed: 7)

3274 ..... T ..... 6:35-9:25P ..... Staff

#### EGR\*214 Engineering Thermodynamics (a) 3 credits

Energy concepts and balances are covered. Basic definitions include the first and second laws of thermodynamics, ideal and real gases, thermodynamic properties, and introductory cycle analysis. Note: course offered in Fall only. Prerequisites: C- or better in Calculus-Based Physics I (PHY\*221), and C- or better in Calculus I

## CT STEM JOBS: Connecticut's Science, Technology, Engineering and Math Career Center

Many Connecticut adults and young people are struggling to find good jobs because they do not have the science, technology, engineering, and mathematics (STEM) skills employers are looking for. At the same time, Connecticut's high-tech employers need a skilled workforce ready to meet the demands of the 21st century global economy.

CT STEM Jobs is a project of the Connecticut Workforce Development Council (the association formed by the state's five Workforce Investment Boards) and is funded by the US Department of Labor. CT STEM Jobs is focused on preparing prospective employees for new careers in STEM-related fields such as advanced manufacturing, engineering, information technology, and energy.

Students are encouraged to explore occupational objectives and opportunities. Trained counselors assist in these career-planning efforts by offering a wide variety of resources including assessments to evaluate skills, values and personality, online employment databases and résumé handbooks, and job search and interviewing strategies. Students are provided with opportunities to explore career options and to assess their interests. This supportive process helps them to clarify their educational and career goals.

Career services are offered through the Tunxis Advising Center by appointment. Appointments can be made by contacting the center during our normal business hours: Monday-Friday from 8:30 to 4:30.

### ENGLISH – Developmental Courses

#### ENG\*065 Integrated Reading and Writing I (a)(d) 6 credits

Prepares students for basic critical reading, writing, and academic strategies necessary for success in college. Begins to prepare students for the rigors of college-level work required across the disciplines. Students focus on understanding of, reporting on, reacting to, and analyzing the ideas of others. Texts serve as inspiration, models, and evidence for students' own writing. Students write exposition, interpretation/analysis, and argumentation essays. Students learn and practice specific study skills and strategies through reading, writing, class discussions, lectures, group presentations, and workshops. This course does not satisfy an English requirement or an elective in any degree program; neither do its credits count toward graduation. *Prerequisite: Placement test score.*

#### ENG\*093 Intro. to College Reading & Writing (a)(d) 3 credits

A concentrated course that prepares students for the reading and writing demands in Composition and other college level courses. Students strengthen the critical reading and writing strategies required across the disciplines. Students focus on understanding of, reporting on, reacting to, and analyzing the ideas of others. Texts serve as models and sources for students to refine their skills in exposition, interpretation, and argumentation. This course does not satisfy an English requirement or an elective in any degree program; neither do its credits count toward graduation. *Prerequisite: Placement test score OR permission of Department Chair*

### ENGLISH - Credit Level

#### ENG\*101 Composition (a)

3 credits

Focuses on the study and practice of writing in an academic community. The course develops skills in text-based writing and introduction to college-level research. Students sharpen their ability to read, analyze, evaluate, and synthesize texts and ideas, and to argue effectively in writing that exhibits an intended purpose and audience. Students will draft and revise essays that are focused, organized, developed, and written in clear, standard English. *Prerequisite: C- or better in Integrated Reading & Writing II (ENG\*075) or Introduction to College Reading & Writing (ENG\*093) or Introduction to College English (ENG\*096) or Reading & Writing VI (ESL\*162), or placement into Composition (ENG\*101).* (Elective Type: E/G/H/U/LAS) (Transfer Ticket Competency in Degree Works: WRCX) (Ability Assessed: 11)

## SUCCESS IS ON THE WAY!

The Academic Success Center fosters student success by providing support services designed to help students develop their learning and academic skills, as well as enhance their understanding of college demands. The following services are available on an individual and/or group basis:

#### Basic Skills/Placement Testing

Also called the Accuplacer, this test is designed to assess student skills in math, English, reading, and writing proficiency

#### Free Tutoring

A comprehensive, nationally-certified, program for all students enrolled in credit classes. Tutoring is available every semester in developmental reading/writing, math, and English as a Second Language. Efforts are also made to accommodate student requests in other areas.

#### Accessibility Services

These services are provided upon request by students with documented disabilities (see Academic Success Center staff for details).

#### Workshops on Learning Strategies

Offered to assist students in refining basic skills needed to meet college expectations.

*Note: Reservations or appointments are required for most programs and services.*

### ENG\*202 Technical Writing (a) 3 credits

Provides directed practice in writing and oral skills needed in technical fields for specific audiences. Students create documentation for technical systems, including formal and informal reports, abstracts and reviews. Students learn strategies for producing such reports successfully, including planning, analyzing, purpose and audience, gathering data, and developing revising techniques, and oral presentations. Students are encouraged to choose topics based on their major or intended career.

## WHY DO I NEED A STUDENT I.D. ?

Each Tunxis student should obtain and carry a student photo identification card (ID), which shall be issued during registration periods in the Computer Center, 300 Building. Replacement ID photos are taken during posted hours throughout the semester by the Information Technology Department for a fee of \$10.

### Students are required to present ID cards for the following:

- 1. Library –**  
to check out books and materials
- 2. Computer Center –**  
to access resources in the main Computer Center and MAC labs
- 3. Academic Support Center –**  
to access all resources
- 4. Career Services–**  
to access resources

Students may be requested to present their ID card to any Tunxis Community College faculty or staff member for purposes of identification upon verbal request.

### ENGLISH AS A SECOND LANGUAGE

**ESL\*001 ESL: Integrated Skills I 3 credits**

This is the first course in the ESL curriculum. This course integrates the study of grammar, reading, writing, and speaking. The primary focus is the study of level-appropriate grammar topics including the following: present tense and present progressive verbs, verb forms for “to be,” common irregular verbs, yes/no and information questions, and common contractions. Students practice these structures in writing and speaking contexts. The secondary focus is on reading and listening to level-appropriate texts. Additionally, students learn functional vocabulary related to family, daily life and school. This course prepares students for ESL: Grammar II and ESL: Writing and Reading II. *Note: Student must have limited proficiency in three of the four skill areas of English – speaking, reading, writing and listening. (Elective Type: G)*

3362 .....M/W .....5:00-6:24P .....Staff

**ESL\*123 ESL: Writing and Reading II (a) 3 credits**

This is the second level of writing and reading in the ESL program. The reading component emphasizes recognition and use of high frequency vocabulary words. Additionally, students learn to differentiate between main ideas and details in readings of a beginning level of difficulty. The writing component focuses on developing basic writing skills. This includes writing simple, compound and complex sentences as well as basic paragraph development. Correct spelling, punctuation and capitalization are also included in this writing component. *Prerequisite: C- or better in Integrated Skills I (ESL\*001), OR appropriate placement test score, OR permission of Department Chair. (Elective Type: G)*

3363 .....M/W .....6:35-7:59P .....Staff

**ESL\*125 ESL: Grammar II (a) 3 credits**

This is the second or high beginning course in the ESL grammar series. The primary focus is the study of level-appropriate grammar topics including the following: simple and continuous verbs in the present, past and future; nouns and pronouns as subjects and objects; modifiers; prepositions; and common conjunctions. Students will also study common sentence structures for statements and questions. Students will identify and practice using these structures with the goals to improve clarity of expression in writing and comprehension in reading. A secondary focus is on using and understanding the new structures in speaking and for listening comprehension. *Prerequisites: C- or better in Integrated Skills I (ESL\*001), OR appropriate placement test score OR permission of the Department Chair. (Elective Type: G)*

3364 .....M/W .....5:00-6:24P .....Staff

**ESL\*133 ESL: Writing and Reading III (a) 3 credits**

This is the intermediate level of writing and reading in the ESL program or the third level in the sequence. The reading section emphasizes skills and knowledge that will help students develop their reading comprehension, including their ability to infer vocabulary meaning through various clues. The writing section focuses on practicing a variety of complex sentences, producing well organized paragraphs, and developing compositions. It also reinforces the use of intermediate-level grammatical structures through the writing activities and continues to exercise correct spelling, punctuation and capitalization. *Prerequisite: C- or better in ESL: Writing & Reading II (ESL\*123) OR appropriate placement test score. (Elective Type: G)*

3365 .....M/W .....6:35-7:59P .....Staff

**ESL\*135 ESL: Grammar III (a) 3 credits**

This is the third or low intermediate course in the ESL grammar series. The

# STUDENT ACHIEVEMENT RECOGNITION CEREMONY

The College values and celebrates the special accomplishments of its students. Accordingly, each year Tunxis conducts a ceremony to honor student achievement in leadership and in the academic disciplines.

### Selection Criteria for the Academic Disciplines:

- currently-enrolled student •
- completion of nine credits in the discipline •
- demonstrated academic excellence •
- minimum of 3.5 GPA in the discipline has not earned a degree — associate’s or baccalaureate •

### Selection Criteria for Leadership

Student must be a member of an officially recognized student organization at Tunxis—either the Student Government Association or one of the College’s officially recognized clubs. Selection is made by the club advisor based on the student’s dedicated and valued service to that organization.

### **ESL\*143 ESL: Writing and Reading IV (a) 3 credits**

Is the high-intermediate writing course in the ESL: Writing & Reading series. It complements ESL Grammar IV. The course integrates writing and reading. The writing focus introduces the stages of the writing process from pre-writing to composing to revising. The reading focus is on reading longer, more complex texts, improving comprehension, and building an academic vocabulary. Students write a variety of personal essays using common development modes such as narrative, descriptive, definition, classification and cause/effect. Students will begin to use thesis statements and topic sentences. Attention is given to grammatical problems commonly present in the writings of ESL students. This course prepares students for ESL: Writing & Reading V. *Prerequisite: C- or better in ESL: Writing & Reading III (ESL\*133), appropriate placement test score, OR permission of Department Chair. <b>ESL*162 ESL: Reading and Writing VI (a) 6 credits</b>			
In this advanced writing and reading course, students continue to develop fluency, clarity, organizational skills and the mechanics of effective writing with a focus on the linguistic and rhetorical needs of second language learners. Course content and writing assignments are based on reading selections, evaluation of primary and secondary sources and student texts. Students read a range of moderately complex texts. Students write, revise and edit drafts, participate in group work and confer with teachers and peers. Portfolio assessment will be required, including at least one timed, in-class writing assignment. This six credit-course counts toward the foreign language requirement in either the Liberal Arts or General Studies degree. Completion of this course with a C- or better ensures admission into Composition (ENG*101). Prerequisites: C- or better in ESL: Writing & Reading V (ESL*153), placement test, or permission of Humanities Chair. Grammar V (ESL*152) recommended. <b>ESL*175 ESL: Grammar VI (a) 3 credits</b>			
Designed to be a comprehensive review of English grammar for advanced students who are nonnative speakers of English. General topics will include a review of verb tense and aspect, helping verbs, conditional verbs, passive voice verbs, and the verb forms associated with reported speech. The course will also review sentence-level coordination and subordination so that students can focus on composing more sophisticated, grammatically correct, compound and complex sentences. Throughout the semester, students will work on recognizing and editing common errors in their own writings which may indicate additional topics for review. It is designed to supplement ESL: Reading & Writing VI (ESL*162). Prerequisites: C- or better in ESL Grammar V (ESL*155) OR placement in ESL Writing & Reading VI (ESL*162) or Integrated Reading & Writing II (ENG*075) or Introduction to College Reading & Writing (ENG*093) or Introduction to College English (ENG*096) or permission of department chair. # GRAPHIC DESIGN PROGRAM

The Graphic Design Program offers education and training in graphic design communications using processes and technologies relevant to the professional design environment. Students develop skills in visual literacy, problem solving, image creation, graphic arts production, typography, layout, publication design, professional presentation and computer graphics.

The **Interactive Media Option** adds animation, interactive design, motion graphics, and web design to a student's design experience.

In addition to specific career education, the Tunxis Graphic Design Program includes a strong traditional core of drawing, two- and three-dimensional design principles, and liberal arts education.

The Graphic Design Program offers an Associate's in Science Degree in Graphic Design, with an Interactive Media Option, and a Certificate in Graphic Design.

The Associate's Degree is a two-year, 60-62 credit program offering a range of courses in graphic design, interactive media, animation, web design, visual fine art, and general education.

The Certificate in Graphic Design is a 30 credit program that focuses on a select group of graphic design and visual fine art courses, also completed in two years.

### The Graphic Design Program provides:

The skills necessary to qualify for an entry-level position in the fields of Graphic Design and interactive media.

A curriculum for students who intend to seek an advanced degree through transfer to a BA or BFA degree-granting institution.

Opportunities for graphic arts professionals to upgrade their skills and advance their careers

## SMOKING & VAPING PROHIBITION POLICY

Some people in our community are sensitive to second-hand smoke, and we cannot ignore their right to fresh air when moving around campus.

**For the health and safety of our entire community, smoking is prohibited in and adjacent to all College buildings including entranceways and in the courtyard. The use of electronic delivery systems that may or may not include nicotine, and all vapor products regardless of shape or size, in buildings owned or leased and operated by the State or its political subdivisions is prohibited. On the Farmington campus smoking/vaping, including cigarettes, cigars, cigarillos, pipes and related devices is allowed in the parking lots.**

By following this uncomplicated policy, we all enjoy a cleaner and healthier campus.

## HEALTH CAREERS PATHWAY

This certificate program is designed to assist the student to achieve success in health care programs. Students will be provided with the foundation necessary for health care professions. Credits from this program may be applied toward health care programs requirements within Connecticut's Community College system. However, completion of this program does not guarantee an automatic acceptance into any health care program. Students are responsible for verifying specific requirements for their program of interest.

# HUMAN SERVICES PROGRAM

## ASSOCIATE IN SCIENCE DEGREE OR CERTIFICATE: HUMAN SERVICES

Prepares students to work in the broad and diverse field of human services, a profession developing in response to and in anticipation of the direction of human needs and human problems in the 21st century. The goal of the program is to improve the quality of life for all of society. The associate's degree curriculum provides a general background for work with children, families, and adults. Most professions in human services require academic work beyond the associate's degree for continuing professional work and advancement. Individuals with an associate's degree may be employed as case management aides, human services workers, residential managers, gerontology aides, special-education teacher aides, mental-health technicians, and social-service technicians. The program prepares each student through exposure to the most current thinking in the field, hands-on experience, and community networking.

## ASSOCIATE IN SCIENCE DEGREE OR CERTIFICATE: FAMILY VIOLENCE INTERVENTION OPTION

Provides the student with a broad knowledge base through core classes in Human Services, and with the knowledge and skills essential to working with perpetrators as well as victims of abuse. Domestic violence is a growing societal problem that may be addressed through competent counseling by trained professionals who understand the dynamics involved. This program also provides students with a liberal arts background and application-oriented instruction in a broad range of Human Services skills. The student who chooses the Family Violence Option will participate in a field experience, working within the domestic violence and family violence network.

# VETERANS' OASIS AT TUNXIS

Founded in 2009, Veterans' Oasis at Tunxis is a gathering spot for students enrolled at Tunxis who are military veterans. Veterans' OASIS (Operation Academic Support for Incoming Service members), is a welcoming environment for returning veterans to socialize, study, and meet as they transition from military life back to civilian life.

The Veterans' Oasis was expanded in 2012, and now has two social rooms as well as a computer and study area.

## TUNXIS LIBRARY

The Tunxis Library provides resources and services to the Tunxis community and is also open to the public. Students are encouraged to register to use the Library with their student I.D. cards at the start of their Tunxis experience. Parents, families, and community members who are State residents are also welcome to register for guest borrower cards.

### Special Features:

- Quiet spaces which are conducive to study and research
- Group study rooms and Collaboration Stations with computer access
- A wide range of books, audio books, entertainment and educational DVDs, and access to thousands of full-text articles and films
- Access to the book collections of the CSCU libraries and the CT State library
- Individual and friendly assistance with research and academic assignments
- Online reference assistance and chat via the Library website
- Renewal of Library items by telephone, website, or email
- Interlibrary loan services for students, faculty, and staff
- Coin-operated copy machines
- Scanner that scans to email, flash drive or cellphone (free)
- A Reserve collection of course-related materials that are available at the Circulation Desk
- Anatomy and Physiology models for students in Anatomy and Physiology courses
- Ukuleles and Hula Hoops
- Chess sets and jigsaw puzzles for relaxation between classes
- Pages Café: Coffee by the Book!
- Museum Passes
- Local and national newspapers and popular magazines

## CAMPUS PARKING

Parking and traffic regulations are designed to provide convenience and safety for members of the College community and visitors. Official parking hangtags are required for faculty and staff of Tunxis to park in restricted parking areas. Persons with disabilities are provided reserved handicapped parking spaces to assure easy access to the buildings.

The Early Childhood Center provides parents/guardians with special hangtags to allow limited parking time in the semi circle.

Anyone parked in an area reserved for faculty/staff or the disabled or in the semicircle without the appropriate tag may be given a parking citation, as well as those leaving vehicles in areas not designated for parking.

### **MAT\*172 College Algebra (a) 3 credits**

A credit course involving the higher-level topics in algebra needed for success in PreCalculus and, ultimately, the Calculus series. Topics to be included are the following: systems of equations, including two- and three-variable linear and nonlinear systems; graphing of higher-order functions using transformations, increasing/decreasing intervals, maxima/minima; inverse functions; graphing of nonlinear inequalities in one and two variables; conic sections; laws of logarithms, exponential and logarithmic functions, solving exponential and logarithmic equations; applications related to exponential and logarithmic functions; 4 operations on complex numbers; simplification of complex fractions; solving of polynomial and rational inequalities. The course will utilize the graphing calculator to a limited extent. *Prerequisite: C+ or better in Intermediate Algebra (MAT\*137) or Elementary & Intermediate Algebra Combined (MAT\*139) or C- or better in Finite Mathematics (MAT\*152) or appropriate placement test score. # GENERAL STUDIES PROGRAM

The General Studies Program is for students who wish to take a breadth of courses in a number of different fields and disciplines, but can also be used as a springboard for a major at a four-year school. Over the years, many students have enrolled in the General Studies program to find out which areas of study interest them and which do not. That student who has not been in school for many years and is looking for a change of career might find General Studies to be the perfect program. That student who is right out of high school and is not certain what he or she wants to major in can find General Studies to be a very valuable way of figuring out their academic career.

At the same time, General Studies can be the ideal program for someone who has an idea of what their major will be at a four-year school or what their career path is. The program has 12 general electives in which students can take any number of courses across the college curriculum; these courses can be used as an area of concentration that serves as the foundation for their future major at a four-year school.

Students are strongly encouraged to speak to their advisors to dispel common misconceptions of the program. General Studies is not merely a major for students who do not know what they want to do with their college experience. It should not be considered a default program before students decide which program they will choose eventually at the community college level. Finally, General Studies, like all other programs, requires consistent advising. Students should be discouraged from figuring out their career paths on their own without good, solid, and frequent communication with their advisor.

# STUDENT EXPECTATIONS

In the courses offered by Tunxis Community College students may be required to use the computer and the internet to access course materials, complete assignments, and take tests. Written assignments should be word processed. Computers are available for student use in the library and the open computer lab. The college offers credit courses in keyboarding and word processing as well as workshops and assistance in the use of computer technology.

Some assignments may involve field trips or work in groups that may require time commitment outside of regular scheduled class hours. Assignments may also require oral or visual presentations. The specific requirements of the course will be stated in the course outline.

Students should expect to spend considerable time outside of class completing assignments and studying. Depending on the course and other factors, for every hour in class, students should plan on spending two, three, or more hours outside of class on homework and studying. (For example, for a 3 credit course, you should expect to spend 9 hours of study time in addition to the 3 hours of class time per week.)

## NOTES...

- Indicates that prerequisite or co-requisite to courses as listed in the course description must be met prior to registering.
- Student must attend laboratory, clinic, clinic seminar or computer component associated with this course. This component may/may not require additional time outside scheduled class.
- Developmental courses do not satisfy English or Mathematics credit requirements and cannot be counted as college credit for graduation or for transfer to another institution. Student will not be allowed to take credit level English/Mathematics while enrolled in these courses.
- Course may not satisfy degree or certificate program requirement. See course description.
- Supplemental Course Fee 1.
- Supplemental Course Fee 2.
- Material Fee.

## NEW MEDIA COMMUNICATION

### NMC\*101 New Media Perspectives (a) 3 credits

What qualities do video games, comics, films, and computer simulations share? New Media Perspectives considers this question by examining the underlying structures and interrelated qualities of various media and communication technologies. Students will study selected text-based stories, films, video games, simulations, comics, visual art, and web design. Students will apply what they learn by developing hypertexts, digital stories, and games. The course will also address questions such as: what is new media? How does human experience shape the design of technology? What is interactivity? Prerequisite: C- or better in Integrated Reading & Writing II (ENG\*075) or Introduction to College Reading & Writing (ENG\*093) or Introduction to College English (ENG\*096) or Reading & Writing VI (ESL\*162), or placement into Composition (ENG\*101). ## DRUG-FREE CAMPUS

Tunxis Community College is committed to providing students with a safe and healthy learning environment. The college promotes a drug-free campus through workshops, written materials and flyers.

Students who violate the drug-free rules face disciplinary action, including expulsion.

The Counseling Office can provide referral assistance to students facing problems associated with drug and alcohol abuse. For more information visit the Institutional Policies on the Consumer Information page of the Tunxis website.

## INJURIES ON CAMPUS

The college wants all students, employees and guests to enjoy a healthy and safe learning environment. When a person is injured on campus, they should report it immediately to a faculty member, security guard or employee. If the injury is serious, do not hesitate to call 911 from a campus phone. Members of the college's Emergency Medical Response Team will be notified and respond. First aid kits are available throughout campus.

The college has two AED's. Employees who respond to medical emergencies must complete an Incident Report form and submit it to the Dean of Administration.

Tunxis Community College is a state agency. As such, any individual wishing to pursue a claim against the State must follow the procedures as outlined by the Office of the Claims Commissioner.

## TRANSITION TO TUNXIS

The following preparation courses are available only to students whose placement indicates they are eligible for this sequence. These courses provide additional time of instruction, in small classes, to help you succeed. The two courses are taught as a learning community, and must be taken in the same semester as a full time (12-credit) schedule. Successful completion of both courses will enable you, as the student, to move into the next appropriate level of both English and math in the developmental sequence of courses.

**Please contact Debbie Pavlik for advisement for these courses 860.773.1952.**

##### **Integrated Reading and Writing I (a)(d)**

Prepares students for basic critical reading, writing, and academic strategies necessary for success in college. Begins to prepare students for the rigors of college level work required across the disciplines. Students focus on understanding of, reporting on, reacting to, and analyzing the ideas of others. Texts serve as inspiration, models, and evidence for students' own writing. Students write exposition, interpretation/analysis, and argumentation essays. Students learn and practice specific study skills and strategies through reading, writing, class discussions, lectures, group presentations, and workshops. This course does not satisfy an English requirement or an elective in any degree program; neither do its credits count toward graduation. *Prerequisite: Placement test score.*

##### **Pre-Algebra with College Study Skills (a)(d)**

A course designed for those students who need reinforcement in college study skills and the basic skills of arithmetic and directed numbers. Mathematics topics included in the course are as follows: arithmetic of whole numbers, fractions, decimals and the negative counterparts of those sets of numbers; ratio, proportion and percent; measurement; introduction to the basic concepts of algebra. In order to prepare students for the rigors of college mathematics and work in other disciplines, specific college study skills are embedded in the course and practiced in class. Students discover their own learning styles and develop learning and study plans based on their educational goals and current lifestyles. Student will spend 4.5 hours in the classroom and 1.5 hours in a computer lab environment. *Prerequisite: Appropriate placement test score. (Ability Assessed: 7)*

The courses in this schedule are grouped by subjects that are listed alphabetically. Within each subject group, the courses are listed in numerical order from lowest to highest.

Courses designated with codes from 001-099 do not satisfy discipline requirements or count as an elective in any degree program; neither do its credits count toward requirements for graduation. Courses numbered 100-199 are considered first-year courses. Courses numbered 200 or higher are considered second-year courses.

**ELECTIVES:** Within an academic program, courses are either required or elective. Elective courses fall into broad subject areas of study in the liberal arts and sciences. These broad subject areas are the humanities, the natural sciences and the social sciences.

### GENERAL ED REQUIREMENTS:

In addition, all degree programs have specific general education requirements. General education requirements assure that students have exposure to a range of courses in specific areas of the curriculum. The general education requirements are grouped into six modes. The general education modes and courses can be found in the College catalog.

### NOTES...

- Indicates that prerequisite or co-requisite to courses as listed in the course description must be met prior to registering.

## CSU DUAL ADMISSION PROGRAM

It has never been easier to start your higher education at one of Connecticut's 12 community colleges and finish at Central, Eastern, Southern or Western Connecticut State University. The Dual Admission program makes it easy to outline your path to success, and take advantage of exceptional program benefits. To participate in this program, students must apply to the Dual Admission Program before they have accrued 15 transferable credits. Academic advisors from both institutions help ensure that your credits will be accepted easily when you move from Tunxis to earn your bachelor's degree at Central, Eastern, Southern, or Western.

## TUNXIS COMMUNITY COLLEGE

# VALUES & PRINCIPLES

### INTEGRITY

We value and demonstrate openness and honesty, resolving differences with civility and without reprisals. We speak and act truthfully, without hidden agendas. We admit our mistakes, say when we do not know, and honor our commitments. We avoid silence when it may mislead; we seek root causes and solve problems.

### RESPONSIBILITY

We value institutional and individual accountability, defined as doing what needs to be done in a timely and competent manner. By acceptance of personal responsibility for our own actions and decisions, we help to create a college at which we are proud to work.

### RESPECT

We treat others fairly and with dignity. We value and honor each other in our diversity.

### EXCELLENCE

We value continuous improvement and growth in every area of college life. We value collaboration, cooperation, teamwork, innovation, and creative problem solving in our continuous improvement efforts. We value the courage to take risks and provide leadership.

### OPEN COMMUNICATION

We share information, ideas, and feelings—listening carefully, speaking forthrightly, respecting diverse views, participating productively in dialogue and conversations. We welcome paradox and constructive conflict as we move toward consensus.

### HUMOR AND WELL-BEING

We value laughter, play, love, kindness, celebration, and joy in our learning and work—taking our learning and work seriously and ourselves lightly.

## NOTES

# My life changed at Tunxis... yours can too.

“Ever since I was little, I’ve dreamt of becoming a teacher,” said Norma Nieves, 24, of New Britain, who came to the United States from Puerto Rico when she was 10 years old.

At Tunxis Community College, she earned an associate’s degree in general studies and gained the confidence and skills to continue her education and follow her dream.

“After high school, I lacked confidence and self-esteem, and was unsure whether I’d be able to reach my goal,” she said. “I knew I needed some preparation before starting a four-year degree.”

“Tunxis was a small, friendly community and a comfortable learning environment,” said Nieves, the oldest of five children and the first in her family to attend college. “The faculty were very supportive in helping me succeed and were there for me when I needed them.”

“I’m so glad I started at Tunxis,” continued Nieves, who transferred to pursue a bachelor’s degree. “I don’t know where I would be today if I hadn’t enrolled. With support, I made it through, graduated from Central Connecticut State University magna cum laude, and just landed my first job teaching Spanish at Hartford Public High School.”

**Norma Nieves**

**Class of 2006**

Transferring at Connecticut State Colleges and Universities (CSCU) is easier than ever. Counselors are available in all 17 institutions to help make the process as smooth as possible.

## CSCU Transfer Ticket Degrees

CSCU's new Transfer Ticket degree programs are providing pathways for community college students to complete degree programs that transfer to Connecticut State Universities (Central, Eastern, Southern, and Western) and Charter Oak State College (COSC) without losing any credits or being required to take extra credits in order to complete a bachelor's degree in that same discipline. You will be able to transfer, apply to competitive admissions majors, and complete your BA/BS degree in the same time and with the same course requirements as students who start at a CSU or COSC.

Students who complete a TAP Transfer Ticket will earn an Associate's Degree at Tunxis Community College and will be eligible to transfer all of their college-level credits into a compatible bachelor's degree program at any of the CSUs or COSC.
