### Ability Based Education (ABE) Statement

At Tunxis Community College students are assessed on the knowledge and skills they have learned. The faculty identified the General Education Abilities critical to students' success in their professional and personal lives. In every class, students are assessed on course abilities, sometimes program abilities, and, in most classes, at least one General Education Ability. Students will receive an evaluation of the degree to which they have demonstrated or not demonstrated that General Education Ability.

### Catalog Course Description:

A culminating drawing course in the visual fine art program emphasizing refinement and technical skill. Upon completion of Drawing III the student will explore technical refinement and study aspects of interpretive drawing that relate to the development of an individual's process. Building on the Drawing III content the individual will continue to pursue a self-chosen style of drawing that becomes the focus for subjective and ideological concerns.

### Topical Outline:

List course content in outline format.

1. Conceptual and subjective choices for development
2. Written projected outcomes (planning)
3. Preliminary sketches
4. Dialogues with instructor and class
5. Drawing research 1
6. Technical demonstration
